14 CFR Part 97

[Docket No. 29249; Amdt. No. 1874]

RIN 2120-AA65

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: An effective date for each SIAP is specified in the amendatory provisions.

Incorporation by reference approved by the Director of the Federal Register on December 31, 1980, and reapproved as of January 1, 1982.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which affected airport is located; or

3. The Flight Inspection Area Office which originated the SIAP.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription—Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT: Donald P. Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd. Oklahoma City, OK. 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK. 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description on each SIAP is contained in the appropriate FAA Form 8260 and the National Flight Data Center (FDC)/Permanent (P) Notices to Airmen (NOTAM) which are incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation's Regulations (FAR). Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction of charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types of effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure

identification and the amendment number.

The Rule

This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes SIAPs. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained in the content of the following FDC/P NOTAM for each SIAP. The SIAP information in some previously designated FDC/Temporary (FDC/T) NOTAMs is of such duration as to be permanent. With conversion to FDC/P NOTAMs, the respective FDC/T NOTAMs have been canceled.

The FDC/P NOTAMs for the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Approach Procedures (TERPS). In developing these chart changes to SIAPs by FDC/P NOTAMs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a National Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in the TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a

“significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

COMMODITY FUTURES TRADING COMMISSION

17 CFR Part 1

Trading Hours

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rule.

SUMMARY: The Commodity Futures Trading Commission ("Commission") is making amendments to its Regulation 1.41(k) to allow additional changes in trading hours to be deemed approved by the Commission one business day after receipt of written notice of a change in accordance with the regulation.

EFFECTIVE DATE: July 22, 1998.

FOR FURTHER INFORMATION CONTACT: Lois J. Gregory, Attorney-Advisor, Contract Markets, Division of Trading and Markets, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, D.C. 20581. Telephone: (202) 418-5483.

SUPPLEMENTARY INFORMATION: Regulation 1.41(k) allows a change in trading hours which does not permit trading to open before 7:00 a.m. or close after 6:00 p.m. local time in the city where the contract market is located to be deemed approved by the Commission at the close of business one business day after properly labeled written notice of the change is received by the Commission if the change is not inconsistent with the Commodity Exchange Act or the Commission's other regulations. Trading hour changes which do permit trading to open before 7:00 a.m. or close after 6:00 p.m. local time must be submitted to the Commission for approval pursuant to Regulation 1.41(b).

On May 1, 1998 (63 FR 24142), the Commission published for comment proposed amendments to Regulation 1.41(k) to allow additional changes in trading hours, as set forth below, to be deemed approved by the Commission one business day after receipt of written notice of a change in accordance with the regulation. The comment period for the proposal was 15 days and closed on May 18, 1998. The Commission received two comments in response to the notice and both were supportive of the proposal.

The Commission has determined to amend Regulation 1.41(k) in the manner previously notice. As revised, Regulation 1.41(k) will allow additional changes in trading hours to be deemed

approved by the Commission one business day after receipt of written notice of a change in accordance with the subsection. Specifically, if a contract market has previously received Commission approval for trading between 6:00 p.m. and 7:00 a.m. in at least one of its designated contracts, it may submit all subsequent changes in trading hours pursuant to Regulation 1.41(k). Thus, under revised 1.41(k), the first time a contract market proposes changing trading hours for any of its designated contracts to fall between the hours of 6:00 p.m. to 7:00 a.m., the proposal must be submitted to the Commission for approval pursuant to Regulation 1.41(b). The Commission will review such initial proposal to ensure that adequate systems and procedures are in place to accommodate the expanded trading hours. Matters to be addressed will include, among other matters, clearing, margin, market data, and surveillance programs. Any subsequent change to trading hours can be approved under the expedited procedures of Regulation 1.41(k).

The Commission notes that listing a contract for trading on an automated trading system will constitute more than a change in trading hours. It will also be a change in the method of trading. Accordingly, neither the initial establishment of an electronic trading system nor the subsequent listing of additional contracts will be eligible for treatment under Regulation 1.41(k). However, changes in the trading hours of a contract that is already listed on an electronic system will be eligible for treatment under revised Regulation 1.41(k).

Related Matters

A. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (Pub. L. 104-13 (May 13, 1995)) imposes certain requirements on federal agencies (including the Commission) in connection with their conducting or sponsoring any collection of information as defined by the Paperwork Reduction Act. While this proposed regulation has no burden, the group of regulations (3038-0022), of which this is a part has the following burden:

Average burden hours per response,
3,546.26

Number of Respondents, 10,971
Frequency of response, on occasion

Copies of the OMB approved information collection package associated with this regulation may be obtained from the Desk Officer, CFTC, Office of Management and Budget,

Room 10202, NEOB Washington DC 20503, (202) 395-7340.

B. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) 5 U.S.C. 601 *et seq.*, requires that agencies, in adopting regulations, consider the impact of those regulations on small businesses. The only entity this rulemaking will affect would be contract markets. The Commission has previously determined that contract markets are not "small entities" for purposes of the Regulatory Flexibility Act, (47 FR 18618 (April 30, 1982)). Therefore, the Chairperson, on behalf of the Commission, hereby certifies, pursuant to 5 U.S.C. 605(b), that the action taken herein will not have a significant economic impact on a substantial number of small entities.

In consideration of the foregoing and pursuant to the authority contained in the Commodity Exchange Act and, in particular Section 8a thereof, 7 U.S.C. 12a, the Commission hereby amends Part 1 of Chapter I of Title 17 of the Code of Federal Regulations as follows:

PART 1—GENERAL REGULATIONS UNDER THE COMMODITY EXCHANGE ACT
