SUPPLEMENTARY INFORMATION: Pursuant to Pub. L. 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, the United States Information Agency will disclose data from its Employee Payroll and Retirement System of records to the Office of Child Support Enforcement, Administration for Children and Families, Department of Health and Human Services for use in the National Database of New Hires, part of the Federal Parent Locator Service (FPLS) and Federal Tax Offset System, DHHS/OCSE No. 09-90-0074. A description of the Federal Parent Locator Service may be found at 62 FR 51663 (October 2, 1997).

FPLS is a computerized network through which States may request location information from Federal and State agencies to find non-custodial parents and their employers for purposes of establishing paternity and security support. On October 1, 1997, the FPLS was expanded to include the National Directory of New Hires, a database containing employment information on employees recently hired, quarterly wage data on private

and public sector employees, and information on unemployment compensation benefits. On October 1, 1998, the FPLS will be expanded further to include a Federal Case Registry. The Federal Case Registry will contain abstracts on all participants involved in child support enforcement cases. When the Federal Case Registry is instituted, its files will be matched on an ongoing basis against the files in the National Directory of New Hires to determine if an employee is a participant in a child support case anywhere in the country. If the FPLS identifies a person as being a participant in a State child support case, that State will be notified. State requests to the FPLS for location information will also continue to be processed after October 1, 1998.

When individuals are hired by the United States Information Agency, we may disclose to the FPLS their names, social security numbers, home addresses, dates of birth, dates of hire, and information identifying us as the employer. We also may disclose to FPLS names, social security numbers, and quarterly earnings of each United States Information Agency employee, within one month of the end of the quarterly reporting period.

Information submitted by the United States Information Agency to the FPLS will be disclosed by the Office of Child Support Enforcement to the Social Security Administration for verification to ensure that the social security number provided is correct. The data disclosed by the United States Information Agency to the FPLS will also be disclosed by the Office of Child Support Enforcement to the Secretary of the Treasury for use in verifying claims for the advance payment of the earned income tax credit or to verify a claim of employment on a tax return. We are also making other changes required to update the Agency's system of records. From page 10659, FR Vol. 62, No. 45, Friday, March 7, 1997, Notices, change USIA-34 to read: USIA-41, System Name: Office of Civil Rights Complaint Files—OCR. Accordingly, the USIA-20, Employee Payroll and Retirement System—M/CF, originally published in the FR's Privacy Act Issuances, 1995 Compilation, and most recently amended at FR, Vol. 62, No. 45, March 7, 1997 is further amended by addition of the following routine use:
