SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of May 6, 1998 (63 FR 24949) (FRL-5789-3), EPA, issued a final rule establishing an exemption from the requirement of a tolerance for residues of the antimicrobial pesticide peroxyacetic acid up to 100 ppm, in or on raw agricultural commodities, in processed commodities, when such residues result from the use of peroxyacetic acid as an antimicrobial agent on fruits, tree nuts, cereal grains, herbs, and spices. The word "vegetables" was omitted from the specific tolerance exemption language which is reproduced in five places of the final rule. This document corrects the final rule by inserting the word "vegetables" into each place that contains the specific tolerance exemption language.

II. Correction

In FR Doc. 98-12036 published on May 6, 1998 (63 FR 24949), the word "vegetables," should be inserted after "fruits," in the following places:

1. On page 24949, in the second column, in the **SUMMARY**, in the ninth line.
2. On page 24951, in the first column, the paragraph under **II. Aggregate Risk Assessment and Determination of Safety**, in the fifth line from the bottom.
3. On page 24952, in the second column, under *C. Exposures and Risks*, in the paragraph numbered 1., in the tenth line.
4. On page 24954, in the third column, the first paragraph under **IV. Conclusion**, in the eighth line.

III. Regulatory Assessment Requirements

This final rule does not impose any requirements. It only implements a technical correction to the Code of Federal Regulations (CFR). As such, this action does not require review by the Office of Management and Budget (OMB) under Executive Order 12866, entitled *Regulatory Planning and Review* (58 FR 51735, October 4, 1993), the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, or Executive Order 13045, entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997). For the same reason, it does not require any action under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4), Executive Order 12875, entitled *Enhancing the Intergovernmental Partnership* (58 FR 58093, October 28, 1993), or Executive Order 12898, entitled *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations* (59 FR 7629, February 16, 1994). In addition, since this type of action does not require any proposal, no action is needed under the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*).

IV. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the Agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and

the Comptroller General of the United States prior to publication of this rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).
