It requires directors and responsible officers of firms and organizations building, operating, owning, or supplying basic components to NRC licensed facilities or activities to report defects and noncompliances that could create a substantial safety hazard at NRC licensed facilities or activities. Organizations subject to 10 CFR Part 21 are also required to maintain such records as may be required to assure compliance with this regulation.

The NRC staff reviews 10 CFR Part 21 reports to determine whether the reported defects in basic components and related services and failures to comply at NRC licensed facilities or activities are potentially generic safety problems.

## NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-325 and 50-324]

### Carolina Power & Light Company; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Carolina Power & Light Company (the licensee) to withdraw its May 23, 1997, application for proposed amendment to Facility Operating License Nos. DPR-71 and DPR-62 for the Brunswick Steam Electric Plant, Unit Nos. 1 and 2, located in Brunswick County, North Carolina.

The proposed amendment would have reduced the short-term limit for Dose Equivalent I-131 activity in the reactor coolant from 4.0 microcuries/gram to 3.0 microcuries/gram.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on July 30, 1997 (62 FR 40847). However, by letter dated April 17, 1998, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated May 23, 1997, and the licensee's letter dated April 17, 1998, which withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the University of North Carolina at Wilmington, William Madison Randall Library, 601 S.
