The Forest Service believes that, at this early stage, it is important to give notice to those intending to review the DEIS of court rulings related to public participation in the environmental review process. First, reviewers of a DEIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions (*Vermont Yankee Nuclear Power Corp. v. NRDC* U.S. 519, 533 [1978]). Also, environmental objections that could be raised at the DEIS stage but are not raised until after completion of the Final Environmental Impact Statement may be waived or dismissed by the courts (*City of Angoon v. Hodel*, 803 F.2d 1016, 1022 [9th Cir. 1986] and *Wisconsin Heritages, Inc. v. Harris*, 409 F. Supp. 1334, 1338 [E.D. Wis. 1980]).

Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 90-day comment period on the DEIS, so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the Final Environmental Impact Statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the DEIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the DEIS or the merits of the alternatives formulated and discussed in the statement.

Reviewers may wish to refer to the Control on Environmental Quality regulations for implementing the procedural provisions of the National Environmental Policy Act (at 40 CFR 1503.3) in addressing these points.

Regional Forester.
