

Nevada City Ranger District, Nevada County, CA.

Summary: Review of the Final EIS was not deemed necessary. No formal comment letter was sent to the preparing agency.

ERP No. F-URC-J39024-UT Provo River Restoration Project (PRRP), Riverine Habitat Restoration, Reconstruction and Realignment of the existing Provo River Channel and Floodplain System between Jordanell Dam and Deer River Reservoir, Wasatch County, UT.

Summary: Review of the Final EIS was not deemed necessary. No formal comment letter was sent to the preparing agency.

ERP No. F-USA-C11014-NY Seneca Army Depot Activity Disposal and Reuse, Implementation, Seneca County and the City of Geneva, Ontario County, NY.

Summary: EPA commented that provided that more effective wetlands mitigation measures are developed and incorporated into the ROD, the proposed project should not result in significant adverse environmental impacts.

Dated: June 23, 1998.

William D. Dickerson,

Director, NEPA Compliance Division Office of Federal Activities.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6116-2]

National Advisory Council for Environmental Policy and Technology Reinvention Criteria Committee; Environmental Information and Public Access Committee; Environmental Capital Markets Committee; Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public meeting.

SUMMARY: Under the Federal Advisory Committee Act, P.L. 92-463, EPA gives notice of a meeting of the following committees of the National Advisory Council for Environmental Policy and Technology (NACEPT) which provides advice and recommendations to the Administrator of EPA on a broad range of environmental policy issues.

The Reinvention Criteria Committee (RCC) has been asked to help the Agency understand how incentives can be used most successfully to inspire firms, companies, communities, and individuals to go beyond mere compliance with existing regulations and to begin the process of addressing outstanding environmental problems. In particular, the committee will focus on the following questions:

- What opportunities exist for EPA to use incentives to promote environmental stewardship in industry? In local communities? In the general public?
- How can EPA evaluate the effectiveness of incentives to encourage environmental stewardship that leads to improved environmental results? How can EPA measure the impact that incentives have on public confidence? What criteria should be used to decide whether the use of incentives is appropriate?
- How can the concept of performance ladders be used to tailor incentives most effectively?
