In accordance with Department policy, 28 C.F.R. § 50.7, notice is hereby given that a proposed consent decree in *United States v. The proposed consent decree pertains to the Keystone Sanitation Superfund Site ("Site"), located near Hanover, Pennsylvania. The United States had sued a number of defendants pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9607, to recover past response costs incurred at the Site. In the settlement, eight generator defendants agree to perform on-site and off-site groundwater remediation in exchange for a site-wide covenant not to sue under Section 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, and Section 7003 of the Resource Conservation and Recovery Act, 42 U.S.C. 6673. They also agree to pay \$125,000 toward natural resource damages in exchange for a covenant not to sue under Section 107 of CERCLA, 42 U.S.C. 9607, for natural resource damages. The settling generator defendants also agree to reimburse \$13,000 of the past response costs incurred by the Commonwealth of Pennsylvania in connection with the Site, and to pay \$30,000 toward state natural resource damages, and in exchange the Commonwealth provides similar covenants not to sue under CERCLA, RCRA, and the state statutory counterparts. The settling generator defendants receive contribution protection for matters addressed in the settlement, and waive all existing claims against the plaintiffs and all generator or transporter parties, as well as future claims for contribution as to generators and transporters contributing less than 18,000 cubic yards of municipal solid wastes to the Site.
