Respondents: Business or other for-profit entities.

Estimated Annual Burden: 1,000 respondents; 3,531 annual responses; an average of 42 hours per response; 148,178.8 total annual burden hours for all requirements.

Description: The information collections pertaining to parts 1 and 63 are necessary largely to determine the qualifications of applicants to provide common carrier international telecommunications services, or to construct and operate submarine cables, including applicants that are affiliated with foreign carriers, and to determine whether and under what conditions the authorizations are in the public interest, convenience, and necessity. The information collections contained in amendments to § 63.10 of the Commission's rules are necessary for the Commission to maintain effective oversight of U.S. carriers that are affiliated with, or involved in certain co-marketing or similar arrangements with, foreign carriers that have market power. The information collected pursuant to part 61 of the rules is necessary for the Commission to ensure that rates, terms and conditions for international service are just and reasonable, as required by the Communications Act of 1934. The information collections under Section 310(b)(4) of the Act are necessary to determine, under that section, whether a greater than 25 percent indirect foreign ownership interest in a U.S. common carrier radio licensee would be inconsistent with the public interest. Obligation to respond: required. Public reporting burden for the collection of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.
