and Budget**

The Social Security Administration publishes a list of information collection packages that will require clearance by OMB in compliance with P.L. 104-13 effective October 1, 1995, The Paperwork Reduction Act of 1995. The information collection listed below has been submitted to OMB for emergency clearance. OMB approval has been requested by July 8, 1998:

0960-NEW. SSA has contracted with the Gallup Organization to conduct a survey to gather baseline data on the public's current level of knowledge of the Social Security programs. The information will enable SSA to establish a clear, quantitative baseline measure of public understanding of SSA programs against which the outcomes of SSA performance improvement efforts can be assessed. The relevant performance objective contained in SSA's strategic plan is that by the year 2005, 90 percent of all American adults will be knowledgeable about Social Security programs in five broad areas: basic program facts; the financial value of programs to individuals; the economic and social impact of SSA programs; how the programs are financed today; and financing issues. The respondents are randomly selected adults residing in the United States.

Number of Respondents: 4,000.

Frequency of Response: 1.

Average Burden Per Response: 12 minutes.

Estimated Annual Burden: 800 hours.
