[Docket No. CP98-627-000]

El Paso Natural Gas Company; Notice of Request Under Blanket Authorization

June 29, 1998.

Take notice that on June 19, 1998, El Paso Natural Gas Company (El Paso), P.O. Box 1492, El Paso, Texas 79978, filed in Docket No. CP98-627-000 a request pursuant to Sections 157.205 and 157.212 of Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to modify an existing receipt point as a delivery point in Upton County, Texas and to thereafter operate the new delivery point in jurisdictional service to permit the delivery of natural gas to NuStar Joint Venture (NuStar), under El Paso's blanket certificate issued in Docket No. CP82-435-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

El Paso states that NuStar has requested the delivery of pipeline quality natural gas as fuel for new field compression facilities in its gathering system. To facilitate NuStar's request, El Paso will modify a receipt point to a delivery point on El Paso's 20" O.D. Upton County Line (Line No. 1105) and thereafter transport, under NuStar's interruptible Transportation Service Agreement, volumes of gas to NuStar's new delivery point.

El Paso states that this proposal is not prohibited by its existing tariff and that El Paso has sufficient capacity to accomplish deliveries without detriment or disadvantage to its other customers.

El Paso requests authorization to modify and operate the NuStar Joint Venture Delivery Point on its Line No. 1105 in Upton County, Texas. The estimated cost of NuStar Joint Venture Delivery Point is \$5,500 and NuStar will reimburse El Paso for the cost related to the construction of this delivery point.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allow for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-629-000]

Tennessee Gas Pipeline Company; Notice of Request Under Blanket Authorization

June 29, 1998.

Take notice that on June 22, 1998, Tennessee Gas Pipeline Company (Tennessee), a Delaware corporation, Post Office Box 2511, Houston, Texas 77252, filed a request with the Commission in Docket No. CP98-629-000, pursuant to Sections 157.205, and 157.212 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to install a delivery point, to provide interruptible gas transportation service to Chevron Gas Pipeline Company (Chevron) for emergency fuel use authorized in blanket certificate issued in Docket No. CP82-413-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

Tennessee proposes to install a new delivery point on its system at approximately Mile Post 526A-601+17.65, Side Valve 526A-612 located at Plaquemines Parish,

Louisiana, Louisiana State Water, Main Pass Block 80 (MP 80) to provide interruptible gas transportation service of up to 900 dekatherms per day to Chevron for emergency fuel use. At MP 80, Tennessee will inspect Chevron's installation of a two-inch tie-in assembly on an offshore platform owned by Ocean Energy Inc. The volumes to be delivered to MP 80 will be transported from MP 80 over interconnecting pipe owned by Forcenergy Inc. (Forcenergy), to a pipeline platform located at Main Pass Block 69 (MP 69) owned by Forcenergy. Chevron has separately arranged with Forcenergy for transportation services over this interconnecting pipe. Chevron would install its measurement facilities. Tennessee would install, own and operate electronic gas measurement (EGM) equipment and own, operate and maintain the tie-in assembly. Chevron would install, own and maintain the measurement facility. Tennessee reports that Chevron would reimburse Tennessee approximately \$24,700 for the cost of the project.

Tennessee reports that deliveries of natural gas to Chevron from the proposed point would be on an interruptible basis, pursuant to a transportation agreement between Tennessee and Chevron under Tennessee's Rate Schedule IT. The addition of this delivery point is not expected to have any significant impact upon Tennessee's peak day or annual deliveries.

Tennessee states that the total quantities to be delivered to Chevron after the delivery point is installed would not exceed previously authorized quantities. Tennessee further states that the proposed modification is not prohibited by its tariff, and that it has sufficient capacity to accomplish deliveries at the delivery point without detriment or disadvantage to Tennessee's other customers.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an
