

maintain a small business regulatory assistance Web Page at <http://www.uscg.mil/hq/g-m/regs/reghome.htm> which has current information on small entity issues and proposed Coast Guard regulations. To help small entities become more involved in this rulemaking, the Coast Guard will mail copies of this advance notice to Small Business Development Center (SBDC) State Directors nationwide for distribution to local SBDC offices and interested small businesses.

Collection-of-Information

Under the Paperwork Reduction Act [44 U.S.C. 3501 *et seq.*], the Office of Management and Budget (OMB) reviews each proposed rule that contains a collection-of-information requirement to determine whether the practical value of the information is worth the burden imposed by its collection. Collection-of-information requirements include reporting, record-keeping, notification, and other similar actions. This proposal would include new collection-of-information requirements. Barge owners would have to provide readily available information identifying undocumented barges and barge owners to the Coast Guard. This information should be readily available, so the burden should be minimal. We cannot estimate the exact paperwork burden associated with this rulemaking because specific requirements have not been proposed. We expect that comments received in response to this advance notice will assist us in estimating the potential paperwork burden, as required under the Paperwork Reduction Act. Once a specific proposal is developed, the Coast Guard will prepare a request for OMB approval of any collection-of-information requirements.

Environment

The Coast Guard will consider preparing an Environmental Assessment before publication of a notice of proposed rulemaking. The Coast Guard expects that an environmental impact statement would not be required. By increasing owner accountability, this rulemaking may prevent future marine pollution incidents from abandoned barges and providing a beneficial impact on the environment. The Coast 1 Guard invites comments addressing possible effects that this rulemaking may have on the environment or addressing possible inconsistencies with any Federal, State, or local law or administrative determinations relating to the environment.

BILLING CODE 4910-15-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MM Docket No. 98-72, RM-9265]

Radio Broadcasting Services; Middlebury and Berlin, VT

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission requests comments on a petition filed by Dynamite Radio, Inc. seeking the substitution of Channel 265C2 for Channel 265A; the reallocation of Channel 265C2 from Middlebury to Berlin, VT; and the modification of Station WGTK's license to specify Berlin as its community of license. Channel 265C2 can be allotted to Berlin in compliance with the Commission's minimum distance separation requirements with a site restriction of 11.1 kilometers (6.9 miles) north of the community. The site restriction imposed on Channel 265C2 at Berlin does not obviate the short-spacings to Station CBF-FM, Channel 265C1, Montreal, Quebec, and to Station CBF10F, Channel 266B, Sherbrook, Quebec, Canada. Therefore, we have sought Canadian concurrence in the allotment of Channel 265C2 at Berlin as a specially negotiated short-spaced limited allotment since Berlin is located within 320 kilometers (200 miles) of the U.S.-Canadian border. In accordance with the provisions of Section 1.420(i) of the Commission's Rules, we will not accept competing expressions of interest in the use of Channel 265C2 at Berlin, VT.
