Proposed Settlement Agreement; Commonwealth of Pennsylvania; Enhanced Motor Vehicle Inspection and Maintenance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement.

SUMMARY: In accordance with section 113(g) of the Clean Air Act ("Act"), as amended, 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement concerning litigation instituted against the Environmental Protection Agency (EPA) by the Commonwealth of Pennsylvania. The lawsuit concerns EPA's conditional interim approval of the Commonwealth's enhanced vehicle inspection and maintenance (I/M) program under section 182(c)(3) of the Act. The parties have agreed to settle this matter without litigation. The proposed settlement agreement obligates Pennsylvania to make certain additional State Implementation Plan (SIP) submissions, which EPA agrees to propose to approve. The agreement further obligates EPA to work with Pennsylvania to develop an alternative program evaluation methodology that does not require the use of mass emission testing technology, or in the alternative to conditionally approve a subsequent Pennsylvania I/M program evaluation SIP submission if the parties can not develop such a methodology.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to modified settlement agreement. EPA or the Department of Justice may withhold or withdraw consent to the proposed settlement agreement if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

Copies of the settlement agreement are available from Phyllis Cochran, Air and Radiation Law Office (2344), Office of General Counsel, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, (202) 260-7606.
