[Docket No. GT98–64–000]

Southern Natural Gas Company; Notice of Refund Report

June 30, 1998.

Take notice that on June 25, 1998 Southern Natural Gas Company (Southern) tendered for filing with the Commission a Refund Report reflecting its refund of certain amounts to its eligible firm shippers. These amounts represent a flow-through of refunds received from the Gas Research Institute (GRI).

The report states that Southern refunded $1,546,985 to its eligible shippers on June 12, 1998, which represents the amount received from GRI as required by the Commission's Order dated February 22, 1996.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.W., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before July 7, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

David P. Boergers,

Acting Secretary.

[Docket No. GT98–67–000]

Tennessee Gas Pipeline Company; Notice of Refund Report

June 30, 1998.

Take notice that on June 26, 1998, Tennessee Gas Pipeline Company (Tennessee) tendered for filing a refund report pursuant to Ordering Paragraph (c) of the Commission's February 22, 1995, order in Gas Research Institute (GRI), Docket No. RP95–124–000.

Tennessee states that Tennessee received a refund from GRI in the amount of $1,170,085.

Tennessee states that it has refunded these amounts to its firm transportation customers that received nondiscounted service during 1997 by adjustmenting their June invoices.

Tennessee states that copies of this filing have been mailed to each of Tennessee's customers and interested state commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before July 7, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. CP98–633–000]

Texas Gas Transmission Corporation; Notice of Request Under Blanket Authorization

June 30, 1998.

Take notice that on June 23, 1998, Texas Gas Transmission Corporation (Texas Gas), 3800 Frederica Street, Owensboro, Kentucky 42301, filed in Docket No. CP98–633–000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to operate a delivery tap, located in Hopkins County, Kentucky, under Texas Gas' blanket certificate issued in Docket No. CP82–407–000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Texas Gas proposes to operate an existing delivery tap, located at Mile 4+2823 on Texas Gas' Slaughters-Nortonville 10-Inch Line in Hopkins County, Kentucky, to enable Western Kentucky Gas Company (Western), a local distribution company, to serve a right-of-way grantor with natural gas requirements which will exceed 200 MMBtu of natural gas per day.

Texas Gas states that this tap was constructed by Texas Gas under the automatic authorization of Section 157.211(a)(1) of the Commission's Regulation's following the execution of a letter agreement between Texas Gas and Western, dated January 29, 1998 (agreement), to permit Western to render gas service to right-of-way grantor Allen Hayden. Texas Gas declares that under the agreement, Western would own and operate the measurement facilities, placed into service on March 27, 1998, and reimburse Texas Gas for the cost of its facilities. Texas Gas asserts Western has informed them that the estimated daily usage for this facility is expected to be 250 Mcf per day. Texas Gas states that because such usage exceeds the 200 MMBtu required for automatic authorization for a delivery tap, Texas Gas requests authorization to deliver up to 250 Mcf of natural gas per day to Western at this delivery tap.

Texas Gas declares that the above proposal will not have a significant effect on Texas Gas' peak day and annual deliveries as Western has not requested an increase in contract quantity, and service to Western through this point can be accomplished without detriment to Texas Gas' other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is field within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,

Acting Secretary.
