

Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214).

Fifteen copies of such petitions and protests should be filed with the DOE on or before the date listed above. Additional copies of such petitions to intervene or protest also should be filed directly with: Mr. David Kellermeier, Dynegy Power Corp., 1000 Louisiana, Suite 5800, Houston, TX 77002-5050.

Before a Presidential permit may be issued or amended, the DOE must determine that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system and also consider the environmental impacts of the proposed action pursuant to the National Environmental Policy Act of 1969. DOE also must obtain the concurrence of the Secretary of State and the Secretary of Defense before taking final action on a Presidential permit application.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above. In addition, this application will be made available on the Internet on the Office of Fossil Energy's home page. The site is accessible at [www.fe.doe.gov](http://www.fe.doe.gov). Select "Regulatory" then "Electricity."

Issued in Washington, D.C., on July 2, 1998.

**Ellen Russell,**

*Acting Manager, Electric Power Regulation, Office of Coal & Power Im/Ex, Office of Coal & Power Systems, Office of Fossil Energy.*

[Docket No. RP98-274-000]

#### Black Marlin Pipeline Company; Notice of Proposed Changes to FERC Gas Tariff

July 2, 1998.

Take notice that on June 30, 1998, Black Marlin Pipeline Company (Black Marlin) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets to be effective August 1, 1998:

Ninth Revised Sheet No. 4  
Second Revised Sheet No. 213F

Black Marlin states that it is making this filing to (1) provide an increase in rates for its transportation services and (2) eliminate the interruptible revenue sharing mechanism from its tariff.

Black Marlin states that the tariff sheet filed herein reflects rates necessary to recover annual operating costs which Black Marlin expects to incur in performing service under its existing rate schedules, utilizing a Base Period ended March 31, 1998 adjusted for known and measurable changes anticipated to occur during the nine-month Test Period ending December 31, 1998.

The proposed rates are based on an overall cost of service for Black Marlin's jurisdictional services of \$3.2 million (exclusive of the cost of service associated with Black Marlin's onshore NGPA Section 311 facilities), as compared to a cost of service of \$3.1 million underlying the currently effective rates. Absent the instant rate case, Black Marlin would realize a revenue deficiency of \$1.8 million as indicated by comparing the proposed rates with the currently effective rates applied to the Test Period volumes.

The major reasons for the proposed rate increase are: (1) a decrease in annual throughput from 31,101,046 MMBtu underlying the currently effective rates to 19,331,916 MMBtu for the Test Period because of declines in the deliverability of the reserves to which Black Marlin is connected; and (2) the impact of approximately \$4.4 million in capital expenditures required to lower the portion of Black Marlin's line affected by a project of the U.S. Army Corps of Engineers and the Port of Houston Authority to widen and deepen the Houston Ship Channel.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**David P. Boergers,**

*Acting Secretary.*

[Docket No. RP98-278-000]

#### CNG Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

July 2, 1998.

Take notice that on June 30, 1998, CNG Transmission Corporation (CNGT) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets, with an effective date of August 1, 1998:

Thirty-Ninth Revised Sheet No. 32  
Thirty-Ninth Revised Sheet No. 33

CNGT states that the purpose of this filing is to submit CNGT's quarterly revision of the Section 18.2.B. Surcharge, effective for the three-month period commencing August 1, 1998. The charge for the quarter ending July 31, 1998, has been \$0.0032 per Dt, as authorized by Commission Order dated April 20, 1998, in Docket No. RP98-171. CNGT's proposed Section 18.2.B. surcharge for the next quarterly period is \$0.0026 per Dt. The revised surcharge is designed to recover \$16,088 in Stranded Account No. 858 Costs.

CNGT states that copies of this letter of transmittal and enclosures are being mailed to CNGT's customers and interested state commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
