

kind of merchandise made during the POR.

If the revocation is made final for Algoma and Stelco, it will apply to all unliquidated entries of this merchandise produced by Algoma and Stelco, exported to the United States and entered, or withdrawn from warehouse, for consumption, on or after August 31, 1997, which is the effective date of the revocation from the order for Algoma and Stelco.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a) of the Act: (1) The cash deposit rate for each reviewed company will be that established in the final results of review (except that a deposit of zero will be required for firms with zero or de minimis margins, i.e., margins less than 0.5 percent); (2) for exporters not covered in this review, but covered in the LTFV investigation or previous review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be the "all others" rates established in the LTFV investigations, which were 18.71 percent for corrosion-resistant steel products and 61.88 percent for plate (see Amended Final Determination, 60 FR 49582 (September 26, 1995)). These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative reviews.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These administrative reviews and notices are published in accordance with 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 351.213 and 19 CFR 351.221(b)(4).

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Rounds Agreements Act.

Background

On June 19, 1997 (62 FR 33394), the Department initiated an administrative review of the antidumping duty order on dynamic random access memory semiconductors of one megabit or above from the Republic of Korea, covering the period May 1, 1996 through April 30,

1997. On March 9, 1998, the Department published the preliminary determination in this review.

Postponement of Final Results of Review

Section 751(a)(3)(A) of the Act requires the Department to make a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) allows the Department to extend this time period to 180 days after the date on which the preliminary determination is published.

Because of the complexity of the issues involved in this review, we determine that it is not practicable to complete this review within the original time frame.

Accordingly, the deadline for issuing the final results of this review will be no later than 180 days from the publication of the preliminary determination (September 8, 1998).

Dated: July 2, 1998.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.
