Midwestern Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

July 7, 1998.

Take notice that on July 1, 1998, Midwestern Gas Transmission Company (Midwestern), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets, with an effective date of August 1, 1998:

First Revised Sheet No. 12
Second Revised Sheet No. 25
First Revised Sheet No. 122
First Revised Sheet No. 131

Midwestern states that the purpose of the filing is to provide more detail and specificity in Midwestern's tariff and Midwestern's pro forma service agreements regarding the types of discounts that may be granted by Midwestern. Midwestern states that by including this information in Midwestern's tariff, Midwestern hopes to greatly reduce any need for filing individual discount agreements as "material deviations."

Midwestern proposes to revise two of its rate schedules and the related pro forma service agreements, rather than make material deviation filings, so as to more clearly reflect the types of discounts that may be given by Midwestern. First, Midwestern proposes to revise Section 4.1 of Rate Schedule FT-A and Section 6.1 of the pro forma transportation agreement to reflect all of the following types of discounts for FT-A service: (a) point-specific; (b) volume-specific; (c) discounts based on a variable reservation/commodity charge allocation; and (d) authorized overrun.

In addition, to address the release of discounted volumes, Midwestern proposes to add the following sentence to Section 4.1 and Section 6.1: "In the event Shipper releases capacity at a rate which is higher than Shipper's discounted rate, such difference may be shared in the manner agreed to by Transporter and Shipper." Second, Midwestern proposes to revise Sections 4.1 of Rate Schedule IT and Section 6.1 of the IT pro forma transportation agreement to provide for point-specific and volume-specific discounts.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Acting Secretary.
