SUPPLEMENTARY INFORMATION:

Partial Withdrawal

Under Clarifications of the direct final rule, § 192.614(c)(5) requires operators to "Provide for temporary marking of buried pipelines in the area of excavation activity before, as far as practical, the activity begins." RSPA believed that this requirement could be confusing to the reader in terms of interpreting the meaning of "as far as practical." Therefore, RSPA amended the paragraph to require temporary marking of buried pipelines before excavation activities begins "except in emergency situations."

Based on a comment to this clarification, RSPA is removing this change from this direct final rule. The comment was based on the interpretation of the phrase "as far as practical." RSPA did not mean to distort the language of the regulation, only to clarify that operators would not be responsible for marking in an emergency situation. However, based on feedback from the pipeline industry and other regulatory parties within RSPA, it was determined that the original language better served the reader of the

regulation. RSPA plans to issue an interpretation of the language in § 192.614 to clarify its meaning.

PART 193—[AMENDED]

1. The authority citation for Part 192 continues to read as follows:

Authority: 49 U.S.C. 5103, 60102, 60104, 60108, 60109, 60110, 60113, 60118; and 49 CFR 1.53.

2. Paragraph (c)(5) of § 192.614 is revised to read as follows:

§ 192.614 Damage prevention program.

* * * * *

(c) * * *

(5) Provide for temporary marking of buried pipelines in the area of excavation activity before, as far as practical, the activity begins.

Pipeline Safety: Periodic Updates to Pipeline Safety Regulations (1997)

AGENCY: Research and Special Programs Administration (RSPA), DOT.

ACTION: Corrections to direct final rule.

SUMMARY: This document makes minor corrections to a direct final rule titled, "Periodic Updates to the Pipeline Safety Regulations" (63 FR 7721), published on February 17, 1998. The final rule updated references to voluntary specifications and standards incorporated by reference, and made various clarifications and grammatical corrections.

DATES: This correction is effective July 20, 1998.

SUPPLEMENTARY INFORMATION:

Need for Corrections

1. The direct final rule incorrectly listed the amendment numbers for Part 190 and Part 192 at the beginning of the direct final rule. The correct amendment numbers are 190-8, and 192-84.

2. In updating the American Society for Testing and Materials (ASTM) Designation 2513, the direct final rule inadvertently removed the reference to the ASTM 2513-87 edition for § 192.63(a)(1). This document corrects this reference to reflect the appropriate standard, ASTM Designation D 2513 "Standard Specification of Thermoplastic Gas Pressure Pipe, Tubing and Fittings" (D 2513-87 edition for § 192.63(a)(1), otherwise D 2513-96a).

RSPA regrets any confusion this error may have caused.

Correction of Publication

Accordingly, the publication on February 17, 1998, of the final rule (63 FR 7721) is corrected as follows:

1. On page 7721, in the first column, in the docket number, amendment number "190-7" is corrected to read "190-8" and amendment number "172-83" is corrected to read "192-84."

2. On page 7723, in the second column, under paragraph C (10), the words "D 2513-87 edition for § 192.63(a)(1), otherwise" are added before "D 2513-96a."

Issued in Washington, DC, on July 10, 1998.
