Rural Utilities Service

Notice of Actions and Considerations to Assure Year 2000 Compliance

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice.

SUMMARY: This notice serves to clarify Rural Utilities Service (RUS) policies related to the processing of electric and telecommunications loans in light of the year 2000 problem.

FOR FURTHER INFORMATION CONTACT:

Orren E. Cameron III, Acting Assistant Administrator, Telecommunications Program, Rural Utilities Service, 1400 Independence Ave., SW., STOP 1590, Room 4056, South Building, Washington, DC. Telephone: (202) 720-9554. Facsimile: (202) 720-0810.

SUPPLEMENTARY INFORMATION: Notice is given that RUS is undertaking to address with its electric and telecommunications borrowers year 2000 compliance issues that may affect the operations of RUS-financed rural electric and telecommunications systems. Year 2000 compliance means that performance and functionality of the electric and telecommunications systems, including computer software, software systems, and firmware, will not be affected by dates before, during, and after the year 2000. Because electric and telecommunications services are critical to public health and safety, electric and telecommunications providers must protect against any possible consequences of the year 2000 problem. RUS therefore has taken or will be taking the following actions:

(1) RUS has surveyed all electric and telecommunications borrowers to learn how many cooperatives and companies were prepared or preparing for the year 2000 and RUS is in the process of contacting all electric and

telecommunications borrowers in a general review to help ensure that no RUS-financed electric or telecommunications systems will be affected by the date change.

(2) RUS has, by letter dated May 15, 1998, provided borrowers with a suggested provision addressing the year 2000 compliance for inclusion in specifications when purchasing new or upgraded central office switches and transmission equipment.

(3) In reviewing applications for electric and telecommunications loans, RUS is seeking assurance that the applicant has a satisfactory plan for year 2000 compliance.

(4) RUS will work closely with applicants for electric and telecommunications loans to ensure that loans necessary to ensure year 2000 compliance will be acted upon in a timely fashion.

Dated: July 16, 1998.

Wally Beyer,

Administrator, Rural Utilities Service.
