[Docket No. CP98-669-000]

**Texas Gas Transmission Corporation; Notice of Request Under Blanket Authorization**

July 20, 1998.

Take notice that on July 14, 1998, Texas Gas Transmission Corporation (Texas Gas), P.O. Box 20008, Owensboro, Kentucky 42304, filed in Docket No. CP98-669-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations (18 CFR 157.205, 157.211) under the Natural Gas Act (NGA) for authorization to construct and operate a delivery tap in Jefferson Davis Parish, Louisiana, under Texas Gas' blanket certificate issued in Docket No. CP82-407-000, pursuant to Section 7 of the NGA, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Texas Gas proposes to construct and operate a delivery tap on its Eunice-Roanoke No. 1, Line in Jefferson Davis Parish to enable Evangeline Gas Company, Inc. (Evangeline), a local distribution company, to serve a non-right-of-way grantor. It is stated that the end-user has obtained permission from an adjacent landowner to install and maintain a pipeline across that landowner's property in order to connect to Evangeline's facilities. It is explained that the facilities would consist of a 1-inch valve and small diameter connector line. It is asserted that Texas Gas will be reimbursed by Evangeline for the \$190 cost of installing the facilities. It is further asserted that Texas Gas will use the

facilities to deliver up to 2 MMBtu equivalent of natural gas on a peak day and up to 730 MMBtu equivalent on an annual basis. It is explained that the volume of gas delivered to Evangeline will be within Evangeline's existing contract quantity and that the proposal will not have a significant effect on Texas Gas' peak day and annual deliveries. It is asserted that Texas Gas has sufficient capacity to accomplish the deliveries without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
