PART 256—ADJUSTMENT OF COMPULSORY FEE FOR CABLE LICENSE

3. The authority citation for part 256 continues to read as follows:

Authority: 17 U.S.C. 702, 802.

4. Section 256.2(a)(1) is amended by adding the letter "s" to the word "fee" and by adding the phrase "and (c)" to the end of the paragraph after "(4)".

5. In § 256.2 the concluding text of paragraph (c) is amended by adding the phrase "(2) through (4)" after the phrase "royalty rates specified in paragraphs (a)".

Dated: July 1, 1998.

Marybeth Peters,
Register of Copyrights.

So approved.

James H. Billington,
The Librarian of Congress.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 9

[FRL-6125-1]

OMB Approval Numbers Under the Paperwork Reduction Act: Technical Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correcting amendments.

SUMMARY: This document contains corrections to the final regulations which were published in the **Federal Register** on February 17, 1998 (63 FR 7709). The regulations related to the amendment of the table that lists the Office of Management and Budget (OMB) control numbers issued under the PRA for Regulation of Fuel and Fuel Additives, Standards for Reformulated and Conventional Gasoline.

EFFECTIVE DATE: This correction is effective July 24, 1998.

FOR FURTHER INFORMATION CONTACT: Karen Smith, 202-564-9674.

SUPPLEMENTARY INFORMATION:

Need for Correction

As published, the final regulations contain errors and inadvertently include portions of the OMB approval list which may prove misleading and need to be clarified. The final regulation inadvertently added sections that were already properly included in an earlier document (See 63 FR 1059, January 8, 1998). Since these entries are duplicative, this document removes the spans that are no longer needed (80.91-80.94 and 80.128-80.130). These ICRs were previously subject to public notice and comment prior to OMB approval. As a result, EPA finds that there is "good cause" under section 553(b)(B) of the Administrative Procedure Act (5 U.S.C. 553(b)(B)) to correct this table without prior notice and comment. Due to the technical nature of the table, further notice and comment would be unnecessary.

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4), or require prior consultation with State officials as specified by Executive Order 12875 (58 FR 58093, October 28, 1993), or involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). Because this action is not subject to notice and comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. However, section 808 provides that any rule for which the issuing agency for good cause finds (and incorporates the finding and a brief statement of reasons therefor in the rule) that notice and public procedure thereon are impracticable, unnecessary or contrary to the public interest, shall take effect at such time as the agency promulgating the rule determines. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefore, and

established an effective date of July 24, 1998. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

List of Subjects in 40 CFR Part 9

Environmental protection, Reporting and recordkeeping requirements.

Dated: July 17, 1998.

Margo T. Oge,

Director, Office of Mobile Sources.

For the reasons set out in the preamble, 40 CFR Part 9 is amended as follows:

PART 9—[AMENDED]

1. The authority citation for part 9 continues to read as follows:

Authority: 7 U.S.C 135 *et seq.*, 136-136y; 15 U.S.C. 2001, 2003, 2005, 2006, 2601-2671; 21 U.S.C. 331j, 346a, 348; 31 U.S.C. 9701; 33 U.S.C. 1251 *et seq.*, 1311, 1313d, 1314, 1318, 1321, 1326, 1330, 1342, 1344, 1345 (d) and (e), 1361; E.O. 11735, 38 FR 21243, 3 CFR, 1971-1975 Comp. p. 973; 42 U.S.C. 241, 242B, 243, 246, 300f, 300g, 300g-1, 300g-2, 300g-3, 300g-4, 300g-5, 300g-6, 300j-1, 300j-2, 300j-3, 300j-4, 300j-9, 1857 *et seq.*, 6901-6992k, 7401-7671q, 7542, 9601-9657, 11023, 11048.

§ 9.1 [Amended]

2. Section 9.1 is amended by removing entries 80.91-80.94 and 80.128-80.130.

40 CFR Part 52

[KY-100-1-9814a; FRL-6126-1]

Approval and Promulgation of Implementation Plans; Commonwealth of Kentucky

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving the revisions to the Commonwealth of Kentucky's State Implementation Plan (SIP) for the general application and attainment status designations. The Commonwealth of Kentucky, through the Kentucky Natural Resources and Environmental Protection Cabinet (KNREPC) submitted the revisions to EPA on December 19, 1997.

The revisions to the general application rule clarify the reasonably available control technology (RACT) requirements to assure compatibility with the 1990 Clean Air Act (CAA) requirements for major sources of volatile organic compounds (VOCs) in ozone nonattainment areas. The attainment status designations regulation is being amended to make the boundaries and classifications of nonattainment areas for ozone compatible with the Federal classification. The submittal also included the transportation conformity regulation. Action on that portion of the submittal will be taken in a separate document.

DATES: This final rule is effective September 22, 1998 unless adverse or critical comments are received by August 24, 1998. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Written comments on this action should be addressed to Karla L. McCorkle at the Environmental Protection Agency, Region 4 Air Planning Branch, 61 Forsyth Street, SW, Atlanta, Georgia 30303. Copies of documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day. Reference file KY-100-1-9814. The Region 4 office may have additional background documents not available at the other locations.

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460.

Environmental Protection Agency, Region 4 Air Planning Branch, 61 Forsyth Street, SW, Atlanta, Georgia 30303.

Commonwealth of Kentucky, Natural Resources and Environmental Protection Cabinet, 803 Schenkel Lane, Frankfort, Kentucky 40601.

FOR FURTHER INFORMATION CONTACT: Karla L. McCorkle at 404/562-9043.

SUPPLEMENTARY INFORMATION: On December 19, 1997, the Commonwealth of Kentucky, through the KNREPC, submitted revisions to the general application and attainment status designations portions of the Kentucky SIP to EPA. The general application section is amended to clarify the applicability and RACT determination

guidelines for VOC sources in moderate and above ozone nonattainment areas. The attainment status designations rule is amended to modify the boundaries and classifications of nonattainment areas for ozone to make them compatible with Federal revised classifications. The miscellaneous rule revisions from the December 19, 1997, submittal that are being approved in this action are discussed below.

Rule 401 KAR 50:012 Section 1—This new subsection is added to clarify the RACT requirements to assure compatibility with the CAA requirements for major sources of VOC in ozone nonattainment areas. The subsection specifies the applicability and guidelines for RACT determination.

Rule 401 KAR 50:010 Section 1.3—The definition of "road" is added for clarification in the rule.

Rule 401 KAR 50:010 Section 2.3—The definition of "road, junction, or intersection of two (2) or more roads" is added to clarify a nonattainment boundary for a designated ozone nonattainment area.

Rule 401 KAR 50:010 Section 7—This section is revised to change the roads used in portions of Bullitt County and Oldham County to define the Kentucky portion of the Louisville moderate ozone nonattainment area. The Federally approved nonattainment boundary was revised on September 20, 1995 (See 60 FR 48653). This revision makes the Kentucky rule consistent with the EPA approved boundaries.

Final Action

EPA is approving the aforementioned changes to the SIP. The Agency has reviewed this request for revision of the Federally approved SIP for conformance with the provisions of the CAA amendments enacted on November 15, 1990. The Agency has determined that this action conforms with those requirements.

EPA is publishing this rule without prior proposal because the Agency views this as a noncontroversial amendment and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should relevant adverse comments be filed. This rule will be effective September 22, 1998 without further notice unless the Agency receives relevant adverse comments by August 24, 1998.

If the EPA receives such comments, then EPA will publish a document withdrawing the final rule and informing the public that the rule will

not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. The EPA will not institute a second comment period on the proposed rule. Only parties interested in commenting on the rule should do so at this time. If no such comments are received, the public is advised that this rule will be effective on September 22, 1998 and no further action will be taken on the proposed rule.

Nothing in this action should be construed as permitting or allowing or establishing a precedent for any future request for revision to any state implementation plan. Each request for revision to the state implementation plan shall be considered separately in light of specific technical, economic, and environmental factors and in relation to relevant statutory and regulatory requirements.

Nothing in this action should be construed as making any determination or expressing any position regarding Kentucky's audit privilege and penalty immunity law KRS-224.01-040 or its impact upon any approved provision in the SIP, including the revision at issue here. The action taken herein does not express or imply any viewpoint on the question of whether there are legal deficiencies in this or any other Clean Air Act program resulting from the effect of Kentucky's audit privilege and immunity law. A state audit privilege and immunity law can affect only state enforcement and cannot have any impact on federal enforcement authorities. EPA may at any time invoke its authority under the Clean Air Act, including, for example, sections 113, 167, 205, 211 or 213, to enforce the requirements or prohibitions of the state plan, independently of any state enforcement effort. In addition, citizen enforcement under section 304 of the Clean Air Act is likewise unaffected by a state audit privilege or immunity law.

Administrative Requirements

A. Executive Order 12866

The Office of Management and Budget (OMB) has exempted this regulatory action from review under Executive Order 12866, entitled Regulatory Planning and Review.

B. Executive Order 13045

The final rule is not subject to Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks, because it is not an "economically significant" action under Executive Order 12866.

C. Regulatory Flexibility Act

Under the Regulatory Flexibility Act, 5 U.S.C. 600 *et seq.*, EPA must prepare a regulatory flexibility analysis assessing the impact of any proposed or final rule on small entities. 5 U.S.C. 603 and 604. Alternatively, EPA may certify that the rule will not have a significant impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and government entities with jurisdiction over populations of less than 50,000.

SIP approvals under section 110 and subchapter I, part D of the Clean Air Act do not create any new requirements but simply approve requirements that the State is already imposing. Therefore, because the Federal SIP approval does not impose any new requirements, I certify that it does not have a significant impact on any small entities affected. Moreover, due to the nature of the Federal-State relationship under the CAA, preparation of a flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The Clean Air Act forbids EPA to base its actions concerning SIPs on such grounds. *Union Electric Co. v. U.S. EPA*, 427 U.S. 246, 255-66 (1976); 42 U.S.C. 7410(a)(2) and 7410(k)(3).

D. Unfunded Mandates

Under Section 202 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under Section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the approval action promulgated does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action approves pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal

governments, or to the private sector, result from this action.

E. Submission to Congress and the General Accounting Office

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

F. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 22, 1998. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Hydrocarbons, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements.

Dated: June 19, 1998.

A. Stanley Meiburg,

Acting Regional Administrator, Region 4.

Part 52 of chapter I, title 40, *Code of Federal Regulations*, is amended as follows:

PART 52—[AMENDED]

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart S—Kentucky

2. Section 52.920, is amended by adding paragraph (c)(89) to read as follows:

§ 52.920 Identification of plan.

* * * * *

(c)

(89) Revisions to the Kentucky State Implementation Plan submitted by the Natural Resources and Environmental Protection Cabinet on December 19, 1997. The regulations being revised are 401 KAR 50:012 General application and 401 KAR 51:010 Attainment status designations.

(i) Incorporation by reference. Division of Air Quality regulations 401 KAR 50:012 General application and 401 KAR 51:010 Attainment status designations are effective November 12, 1997.

(ii) Other material. None.

40 CFR Part 52

[KY-93-9821a; FRL-6125-8]

Approval and Promulgation of Implementation Plans; Commonwealth of Kentucky

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving a revision to the Commonwealth of Kentucky's State Implementation Plan (SIP) for the Prevention of Significant Deterioration (PSD) of air quality. The revision was submitted to EPA on March 21, 1997, by the Commonwealth of Kentucky through the Kentucky Natural Resources and Environmental Protection Cabinet. The PSD rule is revised to incorporate the Federal PSD rule revisions. The changes to the rules incorporate revisions to the "Guidelines on Air Quality Models" document and revise the allowable increase of particulate matter from increments for suspended particulate (TSP) to increments for particulate matter with an aerodynamic diameter of less than or equal to a nominal 10 micrometers (PM10). The revision also includes the Federal exclusion for pollution control projects undertaken at electric utility units.

DATES: This final rule is effective September 22, 1998 unless adverse or critical comments are received by August 24, 1998. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Written comments on this action should be addressed to Karla L.
