SUPPLEMENTARY INFORMATION

I. Background

Title 30 Sections 71.400 through 71.402 and 75.1712-1 through 75.1712-3 require coal mine operators to provide bathing facilities, clothing change rooms, and sanitary flush toilet facilities in a location that is convenient for use of the miners. If the operator is unable to meet any or all of the requirements, he/she may apply for a waiver. Title 30 CFR Sections 71.403, 71.404, 75.1712-4 and 75.1712-5 provide procedures by which an operator may apply for and be granted a waiver. Applications are filed with the District Manager for the district in which the mine is located and contain the name and address of the mine operator, name and location of the mine, and a detailed statement of the grounds upon which the waiver is requested and the period of time for which it is requested. Waivers for surface coal mines may be granted for a period not to exceed one year; requests for an annual extension may be sought by the operator. Waivers for underground coal mines may be granted for extended periods of time based on the information provided by the mine operator in the request for a waiver.

The purpose of the waiver is to assure the conditions at the mine make it impractical for the mine operator to provide the required facilities, and to

document the circumstances for granting of the waiver. This gives the mine operator written documentation that the requirement(s) of the standard have been waived by MSHA and MSHA inspection personnel will not require the mine operator to comply with the part(s) of the standard included in the waiver. Without this written documentation MSHA inspection personnel can not be assured that a mine operator is not required to provide the required sanitary facilities.

II. Current Actions

This information is necessary in order to assure the mine operator is not required to provide the sanitary facilities as required by the standard. This information provides written documentation that MSHA has waived the requirements for the applicable part(s) of the standard as outlined in the waiver.
