BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: City of Chesapeake, VA

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The Federal Highway Administration is issuing this notice to advise the public of its intent to adopt the environmental impact statement prepared by the U.S. Army Corps of Engineers to support a permit application for the construction of Route 168 on new location in the City of Chesapeake and issue their own Record of Decision.

FOR FURTHER INFORMATION CONTACT: Bruce Turner, Planning and Environment Program Manager, Federal Highway Administration, The Dale Building, Suite 205, 1504 Santa Rosa Road, Richmond, Virginia 23229, Telephone 804-281-5111.

SUPPLEMENTARY INFORMATION: The U.S. Corps of Engineers (Corps), in cooperation with the Virginia Department of Transportation (VDOT), prepared a draft Environmental Impact Statement (EIS) and made it available to the public in September 1995 for a proposed project to construct four lanes on new location which would alleviate traffic conditions on existing Route 168 in the City of Chesapeake. The Corps assumed responsibility as the lead agency due to their authority over wetlands and to support a permit application and because VDOT had no intention of using any Federal-aid funds in the planning, design or construction of the proposed project. After conducting a joint public hearing with VDOT, the Corps considered all comments they had received and issued a final environmental impact statement in September 1996. On December 16, 1996, the Corps issued their Record of Decision. In June 1998, President Clinton signed authorizing legislation for the Federal Highway Administration known as the Transportation Equity Act of the 21st Century (TEA-21). In TEA-21, the U.S. Congress set-aside Federal-aid funds for the construction of Route 168 in the City of Chesapeake. In response to this set-aside, VDOT has requested that the FHWA accept the Corps' environmental impact statement to support the approval and authorization of these Federal-aid funds for construction of Route 168.

The FHWA has reviewed the Corps' environmental impact statement to determine if it can be readily adopted as
