

Pipeline	Docket No.
KN Interstate Gas Transmission Company.	SA98-99-000
Panhandle Eastern Pipe Line Company.	SA98-100-000

If adjustment relief becomes necessary (i.e., if the Commission determines that IMC owes Kansas ad valorem tax refunds to one or more of the subject pipelines), IMC requests to be relieved from making the refunds attributable to royalties, on the ground that such refunds are now uncollectible, owing to the enactment of section 7 of House Bill No. 2419, by the State of Kansas. IMC's petitions are on file with the Commission and they are open to public inspection.

The Commission, by order issued September 10, 1997, in Docket No. RP97-369-000 *et al.*,¹ on remand from the D.C. Circuit Court of Appeals,² directed First Sellers to make Kansas ad valorem tax refunds, with interest, to the appropriate pipelines, for the period from 1983 to 1988. In its January 28, 1998 Order Clarifying Procedures [82 FERC ¶ 61,059 (1998)], the Commission stated that producers (i.e., First Sellers) could file dispute resolution requests with the Commission, asking the Commission to resolve the dispute with the pipeline over the amount of Kansas ad valorem tax refunds owed.

Any person desiring to be heard or to make any protest with reference to any of these petitions should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Niagara Mohawk Power Corp. Late-Filed Request for Rehearing Rejected

July 23, 1998.

On May 29, 1998, the Commission issued an order accepting the surrender of a license for the Stuyvesant Falls Hydroelectric Project No. 2696 from

Niagara Mohawk Power Corporation.¹ On July 1, 1998, New York Rivers United filed a request for rehearing of the Commission's order, and of the Final Environmental Assessment (EA) issued in connection with the surrender order.²

Section 313(a) of the Federal Power Act requires an aggrieved party to file its request for rehearing within 30 days after issuance of a Commission order.³ In this instance, the deadline for filing a request for rehearing was June 29, 1998. Because the rehearing deadline is statutorily based, and New York Rivers United did not file its request within the statutorily prescribed period, its request for rehearing must be rejected. The Final EA was attached to, and issued with, the order. The fact that a Notice of Availability of the Final EA was issued on June 1, 1998, does not extend the statutory deadline for requesting rehearing of the order.

This notice constitutes final agency action. Requests for rehearing of this notice may be filed within 30 days of the date of issuance of this notice, pursuant to Rule 713 of the Commission's Rules of Practice and Procedure.⁴
