The Southern Company, et al. (70-8733)

The Southern Company ("Southern"), a registered holding company, 270 Peachtree Street, N.W., Atlanta, Georgia 30303, and its nonutility subsidiaries Southern Energy, Inc. (formerly SEI Holdings, Inc.) ("Southern Energy"), Mobile Energy Services Holdings, Inc. ("Holdings"), Southern Energy Resources, Inc. (formerly Southern Energy, Inc.) ("Resources"), Southern Energy North America, Inc. ("SENA") and Mobile Energy Services Company, L.L.C. ("MESCA"), each at 900 Ashwood Parkway, Atlanta, Georgia

30338, have filed a post-effective amendment under sections 6(a), 7, 9(a), 10, 12(c), 12(d) and 12(f) of the Act and rules 43, 45, and 54 under the Act to an application-declaration filed under sections 6(a), 7, 9(a), 10, 12(b), 12(f), 13, 32 and 33 of the Act and rules 43, 45 and 54 under the Act.

MESC is a limited liability company established under Alabama law that owns and operates a dedicated, "inside-the-fence," industrial cogeneration complex in Mobile, Alabama. Holdings, a direct nonutility subsidiary of Southern, owns 99% of the outstanding membership interests of MESC, and Resources, an indirect nonutility subsidiary of Southern, owns the remaining one percent of the membership interests.¹ Southern Energy is a direct nonutility subsidiary of Southern engaged in owning interests in certain businesses, including qualifying facilities (as defined in the Public Utility Regulatory Policies Act of 1978). SENA is a direct subsidiary of Southern Energy, which owns interests in Southern Energy's domestic businesses.

Applicants propose to restructure the ownership of membership interests in MESC. Alabama law provides for the bifurcation of membership interests of limited liability companies into economic interests and voting interests. Economic interests encompass the right to share in profits and losses and voting interests include all rights of management and control. Applicants propose that Holdings and Resources transfer a 99% economic interest and a 1% voting interest in MESC to a direct or indirect subsidiary of Southern Energy. Applicants state that the proposed relocation of economic interest in MESC to a Southern Energy subsidiary will facilitate evaluations of the performance of Southern's independent energy portfolio by interested parties, including the investment community.

Applicants propose to accomplish this restructuring in several steps. Southern Energy would establish a special purpose subsidiary ("SE Mobile") as a vehicle to hold its interests in MESC. Holdings would exchange its existing membership interests in MESC for two classes of membership interests, one representing voting interests and the other nonvoting economic interests. Holdings would then transfer a 98% nonvoting economic interest in MESC to SE Mobile and Resources would then contribute its one percent economic and voting interest to SE Mobile. As a result, Holdings would

¹ Alabama law requires that domestic limited liability companies have at least two members.

retain its 99% voting interest and a one percent economic interest in MESC and SE Mobile would own a 99% economic interest and a one percent voting interest in MESC.

The Applicants request authority to complete the restructuring by June 30, 2000.
