

educational and interpretive opportunities and resource stewardship on the Outer Cape and to more successfully address mutual problems and concerns, such as water supply, coastal processes, and traffic congestion—concerns that transcend political boundaries.

Alternative 3 builds on the approach of *Alternative 2*, proposing that National Seashore managers play a more formal role in directing efforts to protect and manage resources on the Cape through more structured partnerships. Included are other reasonable actions that could be implemented but that are significantly different from those presented in either *Alternative 1* or *2*, and they are often more costly. The Park Service would initiate and enter into more formal agreements with state and local agencies to improve collaboration and consistency in day-to-day resource management. These actions are specific to selected management topics only, not to each subject area.

The National Park Service will now commence to implement action features of the selected alternative from the Final Environmental Impact Statement as described in the Record of Decision and set forth in the General Management Plan.

SUPPLEMENTARY INFORMATION: Copies of the Record of Decision are available upon request from: Superintendent, Cape Cod National Seashore, 99 Marconi Site Rd., Wellfleet MA 02667. Telephone: (508) 349-3785.

Dated: July 10, 1998.

Marie Rust,

Regional Director, Northeast Field Area (215) 597-7013.

This draft environmental assessment, prepared by the National Park Service, deals with the environmental consequences of the construction of a new dining hall and associated waste water system. The project is located within the campus of the Pocono Environmental Education Center (PEEC).

SUPPLEMENTARY INFORMATION: PEEC operates under a Memorandum of Understanding (MOU) with the National Park Service. The center has been in

operation for over 25 years and services over 20,000 people every year. The existing dining hall is inadequate and in poor structural condition. Dining is an essential function at the center and there are no dining establishments within a reasonable distance.

The EA is available for public comment. Any member of the public may file a written comment. Comments should be addressed to the Superintendent, Delaware Water Gap National Recreation Area, River Road, Bushkill, PA 18324.

FOR FURTHER INFORMATION CONTACT: Superintendent, Delaware Water Gap National Recreation Area, Bushkill, PA 18324, 717-588-2418.

Dated: July 23, 1998.

William G. Laitner,
Superintendent.
