**Notice of Receipt of Requests for Amendments to Delete Uses in Certain Pesticide Registrations**

**AGENCY:** Environmental Protection Agency (EPA).  
**ACTION:** Notice.

**SUMMARY:** In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of request for amendment by registrants to delete uses in certain pesticide registrations.

**DATES:** The Agency will approve these use deletions and the deletions will become effective on or soon after the date of publication. Non-food site users of these products who desire continued use on sites being deleted should contact the applicable registrant before September 4, 1998.

**FOR FURTHER INFORMATION CONTACT:** By mail: Dennis McNeilly, Office of Pesticide Programs (7505C), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. **SUPPLEMENTARY INFORMATION:**

**I. Introduction**

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be amended to delete one or more uses. The Act further

provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the Administrator may approve such a request.

**II. Intent to Delete Uses**

This notice announces receipt by the Agency of applications from registrants to delete uses in 10 pesticide registrations containing the active ingredient chlorpyrifos, as listed in Table 1 below. These registrations are listed by registration number, product names/active ingredients and the specific uses deleted. Although the use of chlorpyrifos products on popcorn and carrots have been registered sites for chlorpyrifos products, a tolerance has not been established for chlorpyrifos residues on these commodities under the Federal Food, Drug, and Cosmetic Act (FFDCA). Therefore, under FIFRA section 2(bb), these uses represent an unreasonable adverse effect on the environment, as they could result in human dietary risk from residues resulting from use of a pesticide in or on food inconsistent with the standard under section 408 of FFDCA. As such, the Agency is hereby waiving the 180-day comment period normally given for the deletion of a minor agricultural use, in accordance with FIFRA section 6(f)(1)(c). The Agency has determined that, while these actions require publication for the purpose of announcement, a comment period is not warranted.

The remaining use deletions (non-food sites) announced in this Notice will retain a 30-day comment period. Users of these products who desire continued use on sites being deleted should contact the applicable registrant before September 4, 1998 to discuss withdrawal of the applications for amendment. This 30-day period will also permit interested members of the public to intercede with registrants prior to the Agency approval of the deletion.
