August 5, 1998.

Take notice that on July 31, 1998 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing a request for waiver of the Commission's requirement in Order No. 587-G that, effective August 1, 1998, a cross-reference table for D-U-N-S numbers be provided by interstate pipeline companies correlating such D-U-N-S numbers with the names of shippers.

The Commission has recently been apprised by the Gas Industry Standards Board (GISB), that the proprietary issues related to gas industry usage of D-U-N-S numbers is not yet settled. Such report states that GISB executive committee officers are currently holding discussions with Dun & Bradstreet regarding the appropriate way to deal with the cross-reference table requirement. Further in its report, GISB has characterized these discussions as

complex and anticipates that additional time will be required before any resolution can be reached. Therefore, given the current status of the ongoing negotiations between GISB and Dun & Bradstreet, Transco respectfully requests a waiver of § 284.10(c)(3)(iii) of the Commission's Regulations.

Transco states that copies of the filing are being mailed to its affected customers and interested State Commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations.
