

any impact on annual deliveries will be de minimis.

Northern Border further states that the proposed change is not prohibited by Northern Border's existing tariff. Northern Border asserts that it has sufficient capacity in its system to accomplish delivery of gas to the proposed delivery point without detriment or disadvantage to any other customer.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,
Secretary.

[Docket No. RP98-257-001]

Northwest Pipeline Corporation; Notice of Request for Waiver

August 5, 1998.

Take notice that on July 31, 1998, Northwest Pipeline Corporation (Northwest) filed a request for a waiver from the Commission's requirement to comply with 18 CFR 284.10(c)(3)(iii) regarding an electronic cross-reference table correlating the names of its shippers with their DUNS numbers.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before August 12, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are

available for public inspection in the Public Reference Room.

[Docket No. RP96-367-010]

Northwest Pipeline Corporation; Notice of Refund Report

August 6, 1998.

Take notice that on August 4, 1998, Northwest Pipeline Corporation (Northwest) tendered for filing a refund report pursuant to the Commission's Order Approving Settlement issued on November 25, 1997, in its Docket No. RP96-367-000 general rate proceeding.

Northwest states that the refund covers the period from March 1, 1997, through February 28, 1998.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before August 13, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-703-000]

Panhandle Eastern Pipe Line Company; Notice of Application

August 6, 1998.

Take notice that on July 30, 1998, Panhandle Eastern Pipe Line Company (Applicant), 5400 Westheimer Court, P.O. Box 1642, Houston, Texas 77251-1642, filed in Docket No. CP98-703-000 an abbreviated application pursuant to Section 7(c) of the Natural Gas Act, as amended, and Section 157 of the

Federal Energy Regulatory Commission's (Commission) regulations thereunder, for permission and approval to upgrade an existing delivery point located in Moultrie County, Illinois in order to accommodate increased deliveries of natural gas to Central Illinois Light Company (CILCO) for redelivery to Unity Grain & Supply (Unity), an existing customer of CILCO, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to install, own, and operate an additional four-inch Roots meter, construct approximately eighty feet of two-inch connecting pipe and six feet of four-inch connecting pipe and associated facilities, and appurtenant metering and regulating equipment. Applicant asserts that these modifications are necessary to accommodate increased natural gas deliveries to CILCO for the amount of Unity. Specifically, Applicant states that the maximum design capacity of the delivery point will increase from 271 Mcf per Day to approximately 1,440 Mcf per Day at 100 psig. Applicant further asserts that this proposed upgrade will not increase the existing entitlement of CILCO under its current effective service agreements. It is stated that the estimated total cost for installing the proposed facilities is \$64,110, which will be reimbursed 100 per cent by CILCO.

Applicant states that it is applying for the proposal herein using case-specific authorization instead of filing pursuant to Section 157.205 of Subpart F of the Commission's Regulations because CILCO and Unity are concerned that weather conditions may cause Unity to be unable to meet its requirements for testing and commencing grain drying operations in 1998. Accordingly, Applicant is requesting Section 7(c) authority to upgrade the delivery point in order to meet its customer's requirement for natural gas service on an expedited basis.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 13, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will
