

Giese, Office of the Assistant Secretary of Defense (Health Affairs), TRICARE Management Activity at (703) 681-1757 Ext 5658.

*Title; Associated Form; and OMB Number:* TRICARE Senior Prime Enrollment Application Form; OMB No. 0720-0018.

*Needs and Uses:* This information collection is a requirement for TRICARE Senior Prime, a joint demonstration project of military managed health care conducted by the Department of Defense (DoD) and the Department of Health and Human Services (HHS). Under this demonstration, authorized by the Balanced Budget Act of 1997, DoD will offer Medicare-eligible military retirees and their dependents enrollment in a DoD-operated managed health care program. Medicare-eligible beneficiaries will be offered the opportunity to enroll at selected Medical Treatment Facilities (MTFs) in a managed care program modeled after the existing TRICARE Prime benefit. Medicare will reimburse DoD on a capitated basis for health care services it provides to the enrolled beneficiaries. Dual-eligible beneficiaries seeking enrollment in the program will be required to fill out an enrollment application which will provide information pertaining to eligibility for the program, personal information for identification purposes, and information on other health insurance.

*Affected Public:* Individuals or household.

*Annual Burden Hours:* 25,536 hours.

*Number of Respondents:* 77,381.

*Responses Per Respondent:* 1.

*Average Burden Per Response:* 20 minutes.

*Frequency:* On occasion.

**SUPPLEMENTARY INFORMATION:** Currently, Medicare-eligible military retirees are not eligible to participate in TRICARE, DoD's triple option health care benefit for military retirees and active duty dependents. Their participation in the Military Health System (MHS) is limited to receiving health care on a space-available basis at MTFs. The TRICARE Senior Prime demonstration project seeks to show that a DoD-operated managed care program can provide health care services to beneficiaries eligible for both military health care and Medicare more effectively and efficiently than under the current DoD-operated system.
