

was published in the **Federal Register** on January 14, 1991 (56 FR 1422). One request for a hearing was made on February 14, 1991, by the New York State Department of Environmental Conservation (DEC) to assure that DEC's interest in the decommissioning process can be adequately represented. The hearing request was withdrawn on March 13, 1991, after an agreement with Cintichem and the Staff of the Nuclear Regulatory Commission, which covered DEC's involvement with respect to the Decommissioning Activities.

By Order dated November 21, 1991 (56 FR 60124), the Commission authorized dismantling of the facility and disposition of component parts as proposed in the decommissioning plan of the licensee. Changes to the decommissioning plan were subsequently made (see Environmental Assessment and Finding of No Significant Impact which was published in the **Federal Register** on August 19, 1998 (63 FR 44476). By letters dated January 26, 1995, March 3, 1995, March 26, April 19 and June 7, 1996, June 6 and 27, 1997, July 3 and 30, 1997, and September 22, 1997, the licensee submitted the radiological survey reports for the facility in accordance with the approved decommissioning plan as amended. Confirmatory radiological surveys verified that the facility met the Commission's approved decommissioning plan requirements for release of the facility for unrestricted use. The reactor fuel has been removed from the facility and shipped to a Department of Energy facility, and other radioactive material stored on site has been removed from the facility.

Accordingly, the Commission has found that the facility has been dismantled and decontaminated pursuant to the Commission's Order dated November 21, 1991 as supplemented. Satisfactory disposition has been made of the component parts and fuel in accordance with the Commission's regulations in 10 CFR Chapter I, and in a manner not inimical to the common defense and security, or to the health and safety of the public. Therefore, based on the application filed by the licensee, and pursuant to Sections 104 and 161 b, and i, of the Atomic Energy Act of 1954, as amended, and in accordance with 10 CFR 50.82(b)(6), Facility License No. R-81 is terminated as of the date of this Order.

In accordance with 10 CFR Part 51, the Commission has determined that the issuance of this termination Order will have no significant environmental impact. The Environmental Assessment and Finding of No Significant Impact

was published in the **Federal Register** on August 19, 1998 (63 FR 44476).

For further details with respect to this action see (1) the application for termination of Facility License No. R-81, dated October 19, 1990, as supplemented, (2) the Commission's Safety Evaluation related to the termination of the license, (3) the Environmental Assessment and Finding of No Significant Impact, and (4) the "Notice of Proposed Issuance of Orders Authorizing Disposition of Component Parts and Terminating Facility License," published in the **Federal Register** on January 14, 1991 (56 FR 1422). Each of these items are available for public inspection at the Commission's Public Document Room, 2120 L Street, NW, Washington, DC 20003-1527.

Copies of items (2), (3), and (4) may be obtained upon receipt of a request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001, Attention: Director, Division of Reactor Program Management.

Dated at Rockville, Maryland, this 19th day of August 1998.

For the Nuclear Regulatory Commission.

Jack W. Roe,

Acting Director, Division of Reactor Program Management, Office of Nuclear Reactor Regulation.

NUCLEAR REGULATORY COMMISSION

Atomic Safety and Licensing Board Panel; Limited Appearances; Prehearing Conference; Other Events

[Docket No. 40-8968-ML, Re: Leach Mining and Milling License, ASLBP No. 95-706-01-ML]

In the matter of: HYDRO RESOURCES, INC., (2929 Coors Road, Suite 101, Albuquerque, New Mexico 87120).

Pursuant to 10 CFR 2.1211(a), on September 15, 1998, from 1:00 PM to 4:30 PM and 7:00 PM to 9:30 PM, limited appearance sessions will be held in the South Gym, Crownpoint Community School, State Rd. 371, Building No. 3001, South Gym, Crownpoint, New Mexico 87313 ("South Gym"). This facility belongs to the Eastern Navajo Agency, Office of Indian Education Programs.

Statements may be made by members of the public at this session. The statements will not be a part of the decisional record. Only the parties who have been admitted in this case may place material into the formal record. When speakers make important points,

relevant to pending areas of concern, the parties may introduce the arguments and the facts into the record in compliance with established procedures. People wishing to speak at the limited appearance session will, at the outset of each session, present to me a written statement containing their name and address and declaring whether they are able to speak in English; non-English speakers may speak in Navajo.¹ (Those who cannot write and cannot get someone to prepare a written statement for me may ask orally to make a limited appearance statement.)

Six minutes will be allotted to each speaker, subject to overall limitations of time. Speakers wishing to extend their remarks to ten minutes shall explain in their written request why they need the additional time and shall begin their remarks by requesting the Presiding Officer to grant an extension for that purpose. Speakers who must use the Navajo language shall have twice the allotted time, so that I may hear the English translation.

On September 16, 1998 the parties and the Presiding Officer will take a bus tour of the site. A limited amount of space may be available on the bus for the press or the public, in exchange for the cost of the seat. Members of the public wishing to accompany the Presiding Officer may also follow the bus, but there is no assurance concerning how much of the conversation with the Presiding Officer will be audible for the general public.

A scheduling conference, open to the public, will be held in the South Gym beginning at 9:00 AM on September 17, 1998. The expected duration of this conference is less than three hours.

Rockville, Maryland, August 19, 1998.

It is so Ordered.

Peter B. Bloch,

Administrative Judge, Presiding Officer.
