AGENCY MISSION: The National Council on Disability is an independent federal agency composed of 15 members appointed by the President of the United States and confirmed by the U.S. Senate. Its overall purpose is to promote policies, programs, practices, and procedures that guarantee equal opportunity for all people with disabilities, regardless of the nature of severity of the disability; and to empower people with disabilities to achieve economic self-sufficiency, independent living, and inclusion and integration into all aspects of society.

These committees are necessary to provide advice and recommendations to NCD on international disability issues and technology accessibility for people with disabilities.

We currently have balanced membership representing a variety of disabling conditions from across the United States.
