FEDERAL COMMUNICATIONS COMMISSION

Temporary Waiver of Rules Granted to Goodman/Chan Receivership Licensees and Similarly Situated Non-Goodman/Chan General Category SMR Licensees

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this Notice, the Wireless Telecommunications Bureau (Bureau) describes the temporary waiver of rules granted to Goodman/Chan Receivership licensees and similarly situated non-Goodman/Chan General Category (similarly situated licensees) SMR licensees in the *Goodman/Chan Recon Order*. Specifically, the Bureau explains that the *Goodman/Chan Recon Order* grants the Goodman/Chan Receivership licensees and similarly situated licensees who have not yet constructed, ninety days, beginning on the day the Goodman/Chan Order is published in the **Federal Register**, to apply to transfer or assign unconstructed licenses that have received construction extensions pursuant to the *Goodman/Chan Order* and the *Goodman/Chan Recon Order*. The Bureau explains that only Goodman/Chan Receivership licensees and similarly situated licensees are eligible for this temporary waiver.

FOR FURTHER INFORMATION CONTACT: Terry Fishel at (717) 338-2602, or Ramona Melson or David Judelson at (202) 418-7240.

SUPPLEMENTARY INFORMATION: On May 22, 1995, the Commission adopted the *Goodman/Chan Order*, which provides General Category Specialized Mobile Radio (SMR) licensees who received licenses through one of four fraudulent application preparation companies (Receivership Companies) an additional four months to construct and commence operations of their licenses. Daniel R. Goodman, Receiver, Dr. Robert Chan, Petition for Waiver of §§ 90.633(c) and

1.1102 of the Commission's Rules, *Memorandum Opinion and Order*, 10 FCC Rcd. 8537 (1995) (*Goodman/Chan Order*). Although the Commission stated that the four-month period would commence upon publication of the *Goodman/Chan Order* in the **Federal Register**, *Goodman/Chan Order*, 10 FCC Rcd. at 8551, ¶ 31, publication of the *Goodman/Chan Order* in the **Federal Register** has not yet occurred.

On July 16, 1998, the Commission adopted Daniel R. Goodman, Receiver, Dr. Robert Chan, Petition for Waiver of §§ 90.633(c) and 1.1102 of the Commission's Rules, *Memorandum Opinion and Order on Reconsideration*, FCC 98-167 (released July 31, 1998) (*Goodman/Chan Recon Order*) which, *inter alia*, removes the impediments to implementing the relief granted by the *Goodman/Chan Order*. Earlier, in Amendment of Part 90 of the Commission's Rules to Facilitate Future Development of SMR Systems in the 800 MHz Frequency Band, PR Docket No. 93-144, *Second Report and Order*, 12 FCC Rcd. 19079, 19096-19098, ¶¶ 40-44 (1997) (*800 MHz SMR Second Report and Order*), the Commission temporarily waived its prohibition of the assignment or transfer of unconstructed licenses, 47 CFR 90.609(b), for all holders of unconstructed spectrum on the lower 80 and General Category channels in order to encourage rapid migration of incumbents from the upper 200 MHz channels to the lower band 800 MHz channels, and facilitate geographic licensing. The temporary waiver was granted for the six month period following the conclusion of the 800 MHz upper band auction, *i.e.*, until June 8, 1998. For the same reasons, the *Goodman/Chan Recon Order* granted the Goodman/Chan Receivership licensees and similarly situated non-Goodman/Chan General Category SMR licensees (similarly situated licensees) who have not yet constructed, ninety days, beginning on the day the *Goodman/Chan Order* is published in the **Federal Register**, to apply, if they so choose, to transfer or assign unconstructed licenses that have received construction extensions pursuant to the *Goodman/Chan Order* and the *Goodman/Chan Recon Order*. *Goodman/Chan Recon Order*, ¶ 56. Similarly situated licensees are non-Goodman/Chan licensees who purchased and received application preparation services and were granted an 800 MHz SMR General Category license with an eight month construction period. In most instances, the similarly situated licensees are

individuals who obtained their licenses through SMR application preparation companies similar to the Receivership Companies, but did not hire one of the four companies that were the subject of the Goodman/Chan proceeding. In order to be granted this limited relief, these licensees must have originally been granted an eight-month construction period and must have a valid extension request on file with the Commission. See *Goodman/Chan Recon Order*, ¶ 60, nn.212-213.

All such transfer and assignment requests must be filed with the Commission within ninety days after the *Goodman/Chan Order* is published in the **Federal Register**. The temporary waiver of § 90.609(b) of the Commission's rules granted by the *800 MHz SMR Second Report and Order* expired on June 8, 1998. *800 Mhz SMR Second Report and Order*, 12 FCC Rcd. at 19096-19098, ¶¶ 40-44. All requests filed after June 8, 1998, but prior to the publication of the *Goodman/Chan Order* in the **Federal Register**, will, therefore, be dismissed as untimely. Only Goodman/Chan Receivership licensees and similarly situated licensees are eligible for the temporary relief provided for in the *Goodman/Chan Recon Order* and, therefore, only they may file or refile for this relief within ninety days after the *Goodman/Chan Order* is published in the **Federal Register**.

All such transfer and assignment requests must be accompanied by a public interest statement, pursuant to § 90.153 of the Commission's rules, 47 CFR 90.153; see also 47 U.S.C. § 310(d), which should include, at a minimum, the following information: (1) a certification from the assignor that the assignor is either a Goodman/Chan Receivership licensee or a similarly situated licensee, including a brief description of facts supporting the assignor's claimed status; (2) a certification from the assignee that it is satisfied, based on its due diligence, that the assignor is either a Goodman/Chan Receivership licensee or a similarly situated licensee; and (3) a demonstration as to how the grant will either facilitate the relocation of incumbent licensees from the upper 200 channels to the lower band 800 Mhz SMR channels or facilitate geographic licensing of the lower channels themselves. Failure to make this showing will constitute a defective application and will result in dismissal of the application pursuant to § 90.161(b)(6) of the Commission's rules. 47 CFR 90.161(b)(6).
