*Agency Information Collection Activities: Submission for OMB Review; Comment Request*

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these

documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

**Proposed Project**

Survey of the Single State Authority (SSA) for Substance Abuse on the Availability of HIV/AIDS Services for Substance Abusers—New. With the converging twin epidemics of HIV and substance abuse, and the rising number of injecting drug users and other substance abusers who are at high risk of becoming HIV infected, the Division of State and Community Assistance (DSCA), Center for Substance Abuse Treatment (CSAT), intends to survey all Single State Authorities (SSAs) for Substance Abuse and other designated entities to receive Substance Abuse Prevention and Treatment (SAPT) Block Grant awards concerning the availability of HIV/AIDS services and their efforts to provide comprehensive substance abuse treatment to HIV+ and individuals at high risk of contracting HIV.

The SAPT Block Grant requires that all entities receiving grants, who have an AIDS case rate equal to or greater than 10 per 100,000, expend between 2-5% of the award on HIV Early

Intervention Services (EIS) projects. All SSAs who are or have been required to set aside funds for HIV EIS projects will be surveyed as to their ability to monitor the set aside expenditure, to collect meaningful data concerning these projects, and, in consultation with other entities concerned with the welfare of HIV+ substance abusers, provide direction to these projects.

The data collected from this survey will primarily be used to evaluate what changes are necessary in the annual SAPT Block Grant application. Secondary uses for this data will be for CSAT to better target technical assistance activities to/for the SSAs to more appropriately and more efficiently offer comprehensive treatment systems for HIV+ clients in substance abuse treatment. Results will be shared with CDC-funded HIV prevention grantees and HRSA-funded Ryan White CARE Act grantees so as to better coordinate and collaborate between substance abuse treatment programs and HIV prevention and treatment programs. The estimated annualized burden for this project is summarized below.

|   | Number of respondents | Number of responses/ respondent | Hours/re-sponse | Total burden hours |
|---|-----------------------|---------------------------------|-----------------|--------------------|
| SSAs and other designated entities to receive SAPT block grant funds:             |                       |                                 |                 |                    |
| Part I—completed by all entities .....  | 60                    | 1                               | .5              | 30                 |
