

substance is regulated as a pesticide chemical under section 408 of the act (21 U.S.C. 346a). Thus, post-FQPA, the petitioned use of this substance is no longer subject to FDA's regulatory authority as a food additive under section 409 of the act (21 U.S.C. 348).

In response to a request by the petitioner, which was prompted by the change in regulatory authority over the antimicrobial substance that is the subject of this petition, FDA transferred the records for FAP 2B4343, including all of FDA's reviews of information in the petition, to EPA. Great Lakes Chemical Corp. has now withdrawn the petition without prejudice to a future filing (21 CFR 171.7).
