DEPARTMENT OF DEFENSE

Department of the Army

Notice of Availability for the Final Environmental Impact Statement (FEIS) for the Disposal and Reuse of Fort McClellan, Alabama

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA) and the President's Council on Environmental Quality, the Army has prepared an FEIS for the Disposal and Reuse of Fort McClellan (FMC), Alabama. The approved 1995 Base Closure and Realignment actions required by the Base Closure and Realignment Act of 1990 (Pub. L. 101-510), and subsequent actions in compliance with this law, mandated the closure of FMC. It is Department of Defense (DOD) policy to dispose of property no longer needed by DOD. Consequently, as a result of the mandated closure of FMC, the Army is disposing of excess property at FMC. **DATES:** the review period for the FEIS will end 30 days after the publication of the NOA in the **Federal Register** by the EPA.

ADDRESSES: Questions and/or written comments regarding the FEIS, or a request for a copy of the document may be directed to Mr. Curtis Flakes, Mobile District, U.S. Army Corps of Engineers

(ATTN: CESAM-PD-EC), P.O. Box 2288, Mobile, AL 36602-3630.

FOR FURTHER INFORMATION CONTACT: Mr. Curtis Flakes at (334) 690-2693 or telefax at (334) 690-2727.

SUPPLEMENTARY INFORMATION: The FEIS analyzes three disposal alternatives: (1) the No Action Alternative, which entails maintaining the property in caretaker status after closure; (2) the Encumbered Disposal Alternative, which entails transferring the property to future owners with Army-imposed limitations, or encumbrances, on the future use of the property; (3) the Unencumbered Disposal Alternative, which entails transferring the property to future owners with fewer or no Army-imposed restrictions on the future use of the property. The preferred action identified in this FEIS is Encumbered Disposal of excess property at FMC. Based upon the analysis contained in the FEIS, encumbrances and deed restrictions associated with the Army's disposal actions for FMC will be mitigation measures.

Planning for the reuse of the property to be disposed of is a secondary action resulting from closure. The local community has established the Fort McClellan Development Commission (FMDC) to produce a reuse development plan for the surplus property. The impacts of reuse are evaluated in terms of land use intensities. This reuse analysis is based upon implementing one of three reuse alternatives, all of which are based upon the FMDC reuse plan. The Army has not selected one of these three alternatives as the preferred action. Selection of the preferred reuse plan is a decision that will be made by the FMDC.

Comments on the FEIS will be used in preparing the Record of Decision for the Army action.

Copies of the FEIS have been forwarded to the USEPA, other Federal, state and local agencies; public officials; and organizations and individuals who previously provided substantive comments to the DEIS. Copies of the FEIS and related support studies are available for review at the following FMC libraries: Abrams Library (For McClellan Community), Building 2102, Fort McClellan, Alabama 36205-5020; Fischer Library, U.S. Army Chemical School, Fifth Avenue, Building 1081, Fort McClellan, Alabama 36205; and the Military Police School Library, U.S. Army Military Police School, Building 3181, Fort McClellan, Alabama 36205; as well as the following public and other libraries: Anniston-Calhoun County Public Library, 108 East 10th Street, Anniston, Alabama 36202; Cole
