

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-6149-3]

**Determination of Attainment of the Air Quality for PM-10 in the Liberty Borough, Pennsylvania Area**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Finding of attainment.

**SUMMARY:** EPA has determined that the air quality in the Liberty Borough, Pennsylvania area has attained national ambient air quality standards (NAAQS) for particulate matter of nominal aerodynamic diameters smaller than 10 micrometers (PM-10). This finding is based on monitored air quality data for the area during the years 1995-1997. Elsewhere in the Final Rules section, EPA is approving the attainment demonstration and contingency measures submitted by the Pennsylvania Department of Environmental Protection (PADEP) on behalf of the Allegheny County Health Department (ACHD). These state implementation plan (SIP) revisions demonstrate that the attainment plan for the Liberty Borough area is sufficient to attain and maintain the NAAQS. In a previous final rulemaking, EPA also approved a SIP revision requiring additional control measures at the USX Clairton coke works.

**EFFECTIVE DATE:** This finding is effective on October 8, 1998.

**ADDRESSES:** Copies of documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; Pennsylvania Department of Environmental Protection, Bureau of Air Quality, P. O. Box 8468, 400 Market Street, Harrisburg, Pennsylvania 17105; Allegheny County Health Department, Department of Air Quality, 301 39th Street, Pittsburgh, Pennsylvania 15201.

**FOR FURTHER INFORMATION CONTACT:** Ruth E. Knapp (215) 814-2191, or by e-mail at knapp.ruth@epa.gov.

**SUPPLEMENTARY INFORMATION:** On June 12, 1998 (63 FR 32205) EPA published a notice announcing its proposed finding that the air quality in the Liberty Borough, Pennsylvania moderate nonattainment area has attained national ambient air quality standards (NAAQS) for particulate matter of nominal aerodynamic diameters smaller than 10 micrometers (PM-10). No comments were submitted on the proposed finding. The rationale for

EPA's finding was explained in the proposal and will not be restated here. While EPA revised the NAAQS for particulate matter on July 18, 1997, in this notice the terms "NAAQS" and "PM-10 NAAQS" refer only to the previously existing NAAQS.

**Final Determination**

EPA finds, pursuant to section 188(b)(2), that the Liberty Borough moderate nonattainment area has attained the NAAQS for PM-10.

**Administrative Requirements***A. Executive Orders 12866 and 13045*

The Office of Management and Budget (OMB) has exempted this finding from E.O. 12866 review. This finding is not subject to E.O. 13045, entitled "Protection of Children from Environmental Health Risks and Safety Risks," because it is not an "economically significant" action under E.O. 12866.

*B. Regulatory Flexibility Act*

Under the Regulatory Flexibility Act, 5 U.S.C. 600 *et seq.*, EPA must prepare a regulatory flexibility analysis assessing the impact of any proposed or final rule on small entities. 5 U.S.C. 603 and 604. Alternatively, EPA may certify that the rule will not have a significant impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and government entities with jurisdiction over populations of less than 50,000. Determinations of attainment under the Clean Air Act do not impose any new requirements on small entities. Therefore, EPA certifies that this determination does not have a significant impact on a substantial number of small entities.

*C. Unfunded Mandates*

Under Section 202 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under Section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule. EPA has determined that this determination of

attainment does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This finding of attainment resulted from pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this finding.

EPA's final decision to find that the Liberty Borough area attained the NAAQS for PM-10 is based on sections 179(c) and 188(b)(2) of the Clean Air Act, as amended, and EPA regulations in 40 CFR Part 50.

*D. Submission to Congress and the General Accounting Office*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this finding and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This finding is not a "major rule" as defined by 5 U.S.C. 804(2).

**Authority:** 42 U.S.C. 7401 *et seq.*

Dated: August 28, 1998.

**Proposed Settlement Agreement; Power-Bannock Counties, ID PM SIP**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

**SUMMARY:** In accordance with Section 113(g) of the Clean Air Act ("Act"), notice is hereby given of a proposed settlement agreement concerning litigation instituted against the Environmental Protection Agency ("EPA") by the Portneuf Environmental Council. The lawsuit concerns EPA's alleged failure to perform a

nondiscretionary duty with respect to determining, based on air quality data, whether the Power-Bannock Counties nonattainment area in Idaho attained the PM-10 national ambient air quality standards by the December 31, 1996 statutorily-extended attainment deadline.

The Agreement generally establishes deadlines by which EPA will propose and take final action on a federal plan to control particulate matter (PM-10) for the portions of the area that are not attaining the PM-10 standards in existence prior to September 16, 1997.

For a period of thirty [30] days following the date of publication of this notice, the Agency will receive written comments relating to the settlement agreement. EPA or the Department of Justice may withhold or withdraw consent to the proposed settlement agreement if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

Copies of the settlement agreement are available from Samantha Hooks, Air and Radiation Law Office (2344), Office of General Counsel, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, (202) 260-3804. Written comments should be sent to Michael A. Prosper at the above address and must be submitted on or before October 8, 1998.

Dated: August 28, 1998.

**Scott C. Fulton,**

*Acting General Counsel.*

### Air Quality Criteria for Carbon Monoxide

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of public meeting: Peer-Review Workshop on Air Quality Criteria for Carbon Monoxide.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) is announcing a meeting organized, convened, and conducted by the Eastern Research Group, Inc., a contractor to the EPA for external scientific peer consultation, to facilitate the preparation of an external review draft of the Carbon Monoxide Air Quality Criteria Document. All interested parties may attend and assist in developing and refining the scientific

information base available for accomplishing this task.

**DATES:** The meeting dates are September 17 and 18, 1998.

**ADDRESSES:** The Durham Marriott (formerly Durham Omni), will be the meeting site. It is located on 201 Foster St. in Durham, North Carolina; the telephone number is 919-683-6664. The times for the meetings are 8:30 a.m. to 5:30 p.m. on the first day and 8:30 a.m. to 12:30 p.m. on the second day. At the time of the meetings, the Eastern Research Group will make available copies of the draft chapters that the workshop sessions will be reviewing.

**FOR FURTHER INFORMATION CONTACT:** Ms. Linda Cooper (telephone 919-468-7878) for registration information and logistics and Ms. Monica Seagroves (telephone 919-468-7825) for technical information. Ms. Cooper and Ms. Seagroves work for Eastern Research Group, Inc., Engineering and Science Division, 1600 Perimeter Park, P.O. Box 2010, Morrisville, NC 27560-2010.

**SUPPLEMENTARY INFORMATION:** The U.S. Environmental Protection Agency (EPA) is updating and revising, where appropriate, the EPA's Air Quality Criteria for Carbon Monoxide (CO). Sections 108 and 109 of the Clean Air Act require that the EPA carry out a periodic review and revision, where appropriate, of the criteria and the National Ambient Air Quality Standards (NAAQS) for the "criteria" air pollutants such as carbon monoxide.

The EPA will keep the public informed, through subsequent **Federal Register** notice announcements, of additional opportunities for public input into the preparation process, such as the public comment period following the release of the first external review draft of the Carbon Monoxide Air Quality Criteria Document and the Clean Air Scientific Advisory Committee (CASAC) review in early 1999.

Dated: September 1, 1998.

### Proposed Administrative Settlement Agreement Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as Amended by the Superfund Amendments and Reauthorization Act—Hansen Container Site, Grand Junction, CO

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice and Request for Public Comment.

**SUMMARY:** In accordance with the requirements of section 122(h)(1) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (CERCLA), notice is hereby given of a proposed settlement under section 122(h), concerning the Hansen Container site in Grand Junction, Colorado (Site). The proposed Administrative Settlement Agreement requires seventeen (17) Potentially Responsible Parties to Pay an aggregate total of \$1,440,720 to address their liability to the United States Environmental Protection Agency (EPA) related to response actions taken or to be taken at the Site.

**DATES:** Comments must be submitted on or before October 8, 1998.

**ADDRESSES:** The Proposed Administrative Settlement Agreement is available for public inspection at the EPA Superfund Record Center, 999 18th Street, 5th Floor, North Tower, Denver, Colorado.

Comments should be addressed to Maureen O'Reilly, Enforcement Specialist, (8ENF-T), U.S. Environmental Protection Agency, 999 18th Street, Suite 500, Denver, Colorado, 80202-2405, and should reference the Hansen Container settlement (docket number).

**FOR FURTHER INFORMATION CONTACT:** Maureen O'Reilly, Enforcement Specialist, at (303) 312-6402.

**SUPPLEMENTARY INFORMATION:** Notice of Section 122(h) Administrative Settlement Agreement: In accordance with section 122(i)(1) of CERCLA, notice is hereby given that the terms of the Administrative Settlement Agreement have been agreed to by the following parties: (in alphabetical order): Adolph Coors Company; Allied Signal, Inc.; Amoco Corporation; Canada Eldor (f/k/a Eldorado Nuclear Ltd.); Defense Logistics Agency; Chris Hansen, Jr.; Kerr-McGee Corporation; Mallinckrodt Chemical, Inc.; National Aeronautics
