Anyone wishing FEMA to consider recommendations to improve the NFIP's effectiveness should use the following format:

Issue: Briefly state the nature of the issue, concern, or problem.

Description: Identify the specific program reference, that is, where the issue is found in statute, regulations, insurance manuals, insurance policy, form, procedure, etc. Cite any applicable references to section, sub-section, page, paragraph number, line, etc. Explain also why the issue is a problem for NFIP's customers and why it should be changed.

Suggestion: Offer a specific suggestion on how the issue may be addressed. Include specific language changes, where appropriate, and where such changes should be made. Explain also the benefits to the NFIP's customers.

FEMA will evaluate each submission on its costs and benefits, the overall impact on the NFIP, service to its policyholders, and ease of adoption. FEMA's decisions will be reflected in a report to be published in the third quarter of fiscal year 1999.
