

lands. A study made of each area indicates little potential for mineral exploration. There are no active mining claims recorded with the Bureau of Land Management for these lands, nor was any evidence of mining activity found on the land. An issued oil and gas lease on the lands in T. 11 S., R. 75 W., will remain in effect. A right-of-way on sections 3 and 10, T. 18 S., R. 68 W., will transfer with the land to the State.

If and when the selection is approved and certified to the State, the clearlist will contain the following reservations to the United States:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States, Act of August 30, 1890, 26 Stat. 391 (codified at 43 U.S.C. 945).

2. All the oil and gas in the described lands in T. 11 S., R. 75 W., and T. 7 N., R. 88 W. so clearlisted; and to it, or persons authorized by it, the right to prospect for, mine, and remove such deposits from the same upon compliance with the conditions and subject to the provisions and limitations of the Act of July 17, 1914, 38 Stat. 509, as supplemented (codified at 30 U.S.C. 121-124).

The clearlist will also be subject to those rights for reservoir and ditch purposes as have been granted to Beaver Water and Irrigation Company, its successors or assigns, by right-of-way Pueblo 07902 under the Act of March 3, 1891, as amended (formerly 43 U.S.C. 946-949).

The public lands classified by this notice are shown on maps on file and available for inspection in the Colorado State Office of the Bureau of Land Management.

For a period of 30 days from the date of publication in the **Federal Register**, this classification shall be subject to exercise of administrative review and modification by the Secretary of the Interior as provided for in 43 CFR 2461.3 and 2462.3. #### Applications for Recordable Disclaimers of Interest; Colorado

[C0-935-5420-CO20; COC-61867, COC-39277]

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of proposed issuance of recordable disclaimers of interest.

**SUMMARY:** The United States of America, pursuant to the provisions of Section 315 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1745), proposes to disclaim all interest in nine patented mining claims in Pitkin County, Colorado, and two patented parcels totaling 20 acres in Montrose County.

**DATES:** Comments or objections should be received on or before December 10, 1998.

**ADDRESSES:** Comments or objections should be sent to the Colorado State Director, BLM, 2850 Youngfield Street, Lakewood, Colorado 80215-7093.

**FOR FURTHER INFORMATION CONTACT:** Andrew J. Senti, BLM Colorado State Office, 303-239-3713.

**SUPPLEMENTARY INFORMATION:** A deed dated April 21, 1941, from Amos, M.E., and William Bourquin, purported to convey to the United States of America, by donation, the surface only of the following mining claims in Pitkin County: the Baltimore claim in Mineral Survey (M.S.) 3337; the Climax, Idlewilde, Howard Russell, Picnic, and Wilmington claims, constituting all of M.S. 4338; the Robert Lincoln claim in M.S. 6844; the Hayden claim in M.S. 6803; and the Jewell claim in M.S. 4786; all of which are lode claims in section 6, T. 11 S., R. 84 W., and/or section 1, T. 11 S., R. 85 W., of the Sixth Principal Meridian, Colorado, within the White River National Forest. Title to these patented mining claims was not accepted by the United States. However, the deed has created a cloud on the title to the claims, which have since been the subject of numerous conveyances among private landowners.

The two parcels in Montrose County, described as the E $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ , N $\frac{1}{2}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ , and the SE $\frac{1}{4}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$  of section 31, T. 49 N., R. 8 W., New Mexico Principal Meridian, Colorado, are affected by a scrivener's error in a patent dated July 25, 1925. The statute of limitations within which to correct the error has long since passed, and full title has therefore vested in the patentee and

successors in interest. The present landowner has requested issuance of a recordable disclaimer of interest to further substantiate an unclouded title to his property.

The Bureau of Land Management has determined that the United States has no claim to or interest in the lands in either situation described above and that issuance of the proposed recordable disclaimers of interest will help to remove a cloud on title on the respective claims and lands.

**Authority:** 43 CFR Part 1864.

Dated: August 28, 1998.
