

of personal watercraft (PWC) on Lake Crescent. This Plan/FEIS announces the decision of the Superintendent to close Olympic National Park to the use of PWCs, beginning October 1, 1998. The justification for this action is explained in the document's Appendix A, "Administrative Record Detailing the NPS Decision to Ban the Use of Personal Watercraft on Lake Crescent."

SUPPLEMENTARY INFORMATION: The no-action period on this FEIS will expire 30 days after the Environmental Protection Agency has published a notice of availability of the FEIS in the **Federal Register**. All who submitted substantive comments on the DEIS will receive a copy of the FEIS. In addition, the document has been placed on the National Park Service website at <http://www.nps.gov/olymp>, and public reading copies of the FEIS will be available for review at the following locations: Office of Public Affairs, National Park Service, Department of the Interior, 1849 C St., NW., Washington, DC 20240, phone: 202-208-6843; Olympic National Park, National Park Service, 600 E. Park Ave., Port Angeles, WA 98362, phone: 360-452-4501; North Olympic Library System, Port Angeles Branch, 207 S. Lincoln St., Port Angeles, WA 98362, phone: 360-452-9253; Government Documents, Seattle Public Library, 1000 Fourth Ave., Seattle, WA 98104-1193, phone: 206-386-4686; Government Publications, Suzzallo Library, University of Washington, Seattle, WA 98195, phone: 206-543-1937; Columbia Cascades Support Office, National Park Service, 909 First Ave., Seattle, WA 98104-1060, phone: 206-220-4154. For further information contact Superintendent, Olympic National Park, 600 E. Park Ave., Port Angeles, WA 98362, phone: 360-452-4501.

Dated: August 21, 1998.

David Morris,

Superintendent Olympic National Park

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meeting.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable will meet to discuss several issues including: an implementation and tracking system update, status of the 1998 Proposal Solicitation Package recommended projects, the development of other directed funding programs, the planning process for FY99, water acquisition, funding coordination, and other issues. This meeting is open to the public. Interested persons may make oral statements to the Ecosystem Roundtable or may file written statements for consideration.

DATES: The Bay-Delta Advisory Council's Ecosystem Roundtable meeting will be held from 9:30 a.m. to 3:30 p.m. on Monday, September 21, 1998.

ADDRESSES: the Ecosystem Roundtable will meet at the Resources Building, 1416 Ninth Street, Room 1131, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Cindy Darling, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system

are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA) as Advisory Council BDAC to advise CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: September 4, 1998.

Roger Patterson,

Regional Director, Mid-Pacific Region.

BILLING CODE 4310-94-M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[DEA #167F]

Controlled Substances: Revised Aggregate Production Quotas for 1998

AGENCY: Drug Enforcement Administration (DEA), Justice.

ACTION: Notice of final revised 1998 aggregate production quotas.

SUMMARY: This notice establishes revised 1998 aggregate production quotas for controlled substances in Schedules I and II of the Controlled Substances Act (CSA).

EFFECTIVE DATE: September 15, 1998.

FOR FURTHER INFORMATION CONTACT: Frank L. Sapienza, Chief, Drug and Chemical Evaluation Section, Drug Enforcement Administration, Washington, DC 20537, Telephone (202) 307-7183.

SUPPLEMENTARY INFORMATION: Section 306 of the CSA (21 U.S.C. 826) requires that the Attorney General establish aggregate production quotas for each basic class of controlled substance listed in Schedules I and II. This responsibility has been delegated to the Administrator of the DEA by Section 0.100 of Title 28 of the Code of Federal Regulations. The Administrator, in turn, has redelegated this function to the Deputy Administrator of the DEA pursuant to Section 0.104 of Title 28 of the Code of Federal Regulations.

On July 17, 1998, a notice of the proposed revised 1998 aggregate production quotas for certain controlled substances in Schedules I and II was published in the **Federal Register** (63 FR 38671). All interested parties were invited to comment on or object to these proposed aggregate production quotas on or before August 17, 1998.

Several companies commented that the revised aggregate production quotas for amphetamine, codeine (for conversion), desoxyephedrine (methamphetamine), dihydrocodeine, fentanyl, hydrocodone (for sale), meperidine, methadone (for sale), methadone intermediate, methylphenidate, morphine (for sale), morphine (for conversion), oxycodone (for sale), oxymorphone, pentobarbital, propiram, secobarbital, sufentanil, tetrahydrocannabinols, and thebaine were insufficient to provide for the estimated medical, scientific, research and industrial needs of the United States, for export requirements and for the establishment and maintenance of reserve stocks.

DEA has reviewed the involved companies' 1997 year-end inventories, their initial 1998 manufacturing quotas, 1998 export requirements and their actual and projected 1998 sales. Based on this data, the DEA has adjusted the revised 1998 aggregate production quotas for amphetamine, desoxyephedrine (methamphetamine), dihydrocodeine, fentanyl, meperidine, methadone (for sale), methadone

intermediate, morphine (for sale), morphine (for conversion), oxycodone (for sale), oxymorphone, pentobarbital, propiram, tetrahydrocannabinols and thebaine to meet the estimated medical, scientific, research and industrial needs of the United States.

Regarding codeine (for conversion), hydrocodone (for sale), methylphenidate, secobarbital and sufentanil, the DEA has determined that no adjustments of the aggregate production quotas are necessary to meet the 1998 estimated medical, scientific, research and industrial needs of the United States.

Therefore, under the authority vested in the Attorney General by Section 306 of the CSA of 1970 (21 U.S.C. 826), delegated to the Administrator of the DEA by Section 0.100 of Title 28 of the Code of Federal Regulations, and redelegated to the Deputy Administrator pursuant to Section 0.104 of Title 28 of the Code of Federal Regulations, the Acting Deputy Administrator hereby orders that the revised 1998 aggregate production quotas for the following controlled substances, expressed in grams of anhydrous acid or base, be established as follows:

Basic class	Established revised 1998 quotas
SCHEDULE I	
2,5-Dimethoxyamphetamine	20,000,100
2,5-Dimethoxy-4-ethylamphetamine (DOET) ...	2
3-Methylfentanyl	14
3-Methylthiofentanyl	2
3,4-Methylenedioxyamphetamine (MDA)	25
3,4-Methylenedioxy-N-ethylamphetamine (MDEA) ...	30
3,4-Methylenedioxymethamphetamine (MDMA)	20
3,4,5-Trimethoxyamphetamine	2
4-Bromo-2,5-Dimethoxyamphetamine (DOB)	2
4-Bromo-2,5-Dimethoxyphenethylamine (2-CB)	2
4-Methoxyamphetamine	100,100
4-Methylaminorex	2
4-Methyl-2,5-Dimethoxyamphetamine (DOM)	2
5-Methoxy-3,4-Methylenedioxyamphetamine	2
Acetyl-alpha-methylfentanyl	2
Acetylmethadol	7
Allylprodine	2
Alpha-acetylmethadol	7
Alpha-ethyltryptamine	2
Alphameprodine	2
Alpha-methadol	2
Alpha-methylfentanyl	2
Alphaprodine	2
