[Docket No. RP98-396-000]

#### Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

September 9, 1998.

Take notice that on September 3, 1998, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, effective September 17, 1998, the following tariff sheets:

Second Revised Sheet No. 127A  
Fourth Revised Sheet No. 128  
Third Revised Sheet No. 129  
Second Revised Sheet No. 129A

FGT states that it is filing to modify Section 13.D of the General Terms and Conditions of its Tariff to provide that each time FGT invokes an Alert Day, it will post the Tolerance Percentage which would apply prior to recording volumes in the Alert Day Account. Such Tolerance Percentage will not be less than the greater of 2 percent of scheduled deliveries or 100 MMBtu, the tolerance levels currently in effect.

FGT states that, because it believes the proposed changes will benefit all shippers on the system during a time of reduced flexibility due to a force majeure event at FGT's Compressor Station 15 on August 14, 1998, it is requesting waiver of the thirty day notice provisions to allow the changes to become effective on September 17, 1998.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the

Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. CP98-760-000]

#### National Fuel Gas Supply; Notice of Request Under Blanket Authorization

September 10, 1998.

Take notice that on September 2, 1998, National Fuel Gas Supply Corporation (National Fuel), 10 Lafayette Square, Buffalo, New York 14203, filed in Docket No. CP98-760-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to relocate sales tap facilities in Jefferson County, Pennsylvania, under National Fuel's blanket certificate issued in Docket No. CP83-4-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

National Fuel proposes to relocate an existing sales tap, Station T-No. 1330, utilized for rendering transportation service to National Fuel Gas Distribution Corporation (Distribution). National Fuel states it is necessary to relocate Station T-No. 1330 because the line it is currently located on, Line F-97(S), is in a deteriorated condition and is scheduled for abandonment. Station T-No. 1330 will be moved from Line F-97(S) and tapped onto parallel Line F-M100. The new sales tap will be constructed within the existing station site and all facilities will be moved in their entirety. Station T-No. 1330 will be renamed Station T-No. 2961. Estimated cost of relocating this station is \$100,000.

National Fuel states the quantity of gas to be delivered through the proposed facility is approximately 120 Mcf/hour with a maximum capacity of

approximately 183 Mcf/hour. National Fuel states that the proposed service will have a minimal impact on its peak day and annual deliveries and that National Fuel's FERC Gas Tariff does not prohibit the addition of new sales taps or delivery points. The volumes to be delivered at the proposed station will be within the certificated entitlements of National Fuel's customer, Distribution.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
