

requirements set forth in §§ 90.767 or 90.769 of this part, as applicable, for the partitioned license area; or

(ii) The original licensee may certify that it has or will meet its five-year construction requirement and will meet the ten-year construction requirement, as set forth in §§ 90.767 or 90.769 of this part, as applicable, for the entire license area. In that case, the partitionee must only satisfy the requirements for "substantial service," as set forth in § 90.743(a)(1) of this part, for the partitioned license area by the end of the original ten-year license term of the licensee.

(iii) Applications requesting partial assignments of license for partitioning must include a certification by each party as to which of the above construction options they select.

(iv) Partitionees must submit supporting documents showing compliance with the respective construction requirements within the appropriate five-year and ten-year construction benchmarks set forth in § 90.767 or 90.769 of this part, as applicable.

(v) Failure by any partitionee to meet its respective construction requirements will result in the automatic cancellation of the partitioned license without further Commission action.

(2) *Requirements for disaggregation.* Parties seeking authority to disaggregate spectrum from a Phase II EA, Regional or nationwide license, must submit with their partial assignment application a certification signed by both parties stating which of the parties will be responsible for meeting the five-year and ten-year construction requirements for the particular market as set forth in § 90.767 or 90.769 of this part, as applicable. Parties may agree to share responsibility for meeting the construction requirements. If one party accepts responsibility for meeting the construction requirements and later fails to do so, then its license will cancel automatically without further Commission action. If both parties accept responsibility for meeting the construction requirements and later fail to do so, then both their licenses will cancel automatically without further Commission action.

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 285

[I.D. 090898A]

Atlantic Tuna Fisheries; Atlantic Bluefin Tuna; Closure

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Incidental Other category closure.

SUMMARY: NMFS has determined that the Atlantic bluefin tuna (BFT) Incidental Other category has attained its 1998 annual quota. Therefore, the Incidental Other category for 1998 will be closed.

DATES: Effective 11:30 p.m. local time on September 10, 1998, through December 31, 1998.

FOR FURTHER INFORMATION CONTACT: Pat Scida, 978-281-9260, or Sarah McLaughlin, 301-713-2347.

SUPPLEMENTARY INFORMATION: Regulations implemented under the authority of the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*) governing the harvest of BFT by persons and vessels subject to U.S. jurisdiction are found at 50 CFR part 285. Section 285.22 subdivides the U.S. quota recommended by the International Commission for the Conservation of Atlantic Tunas among the various domestic fishing categories.

NMFS is required, under § 285.20(b)(1), to monitor the catch and landing statistics and, on the basis of these statistics, to project a date when the catch of BFT will equal the quota and to publish a **Federal Register** announcement to close the applicable fishery.

Implementing regulations for the Atlantic tuna fisheries at 50 CFR 285.22 provide for a subquota of 1 mt of large medium and giant BFT to be harvested from the regulatory area by vessels fishing under the Incidental Other category quota over the period January 1 through December 31. Based on reported catch, NMFS has determined that this quota has been reached; reported landings as of September 8, 1998, total 1.06 mt. Therefore, retaining, possessing, or landing large medium or giant BFT under the Incidental Other category quota must cease at 11:30 p.m. local time on September 10, 1998.

Classification

This action is taken under 50 CFR 285.20(b) and 50 CFR 285.22 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 971 *et seq.*

Dated: September 9, 1998.

Gary C. Matlock,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 971208297-8054-02; I.D. 090998A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 610 in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Modification of a closure.

SUMMARY: NMFS is opening directed fishing for pollock in Statistical Area 610 in the Gulf of Alaska (GOA). This action is necessary to fully utilize the 1998 total allowable catch (TAC) of pollock in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 9, 1998.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.20(c)(3)(ii), the Final 1998 Harvest Specifications of Groundfish for the GOA (63 FR 12027, March 12, 1998) established the amount of the 1998 TAC of pollock in Statistical Area 610 in the GOA as 29,790 metric tons (mt).

The Administrator, Alaska Region, NMFS (Regional Administrator), has established a directed fishing allowance of 29,590 mt, and set aside the remaining 200 mt as bycatch to support other anticipated groundfish fisheries.
