Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Health Care Financing Administration.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Health Care Financing Administration (HCFA), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Type of Information Collection Request: Extension of a currently approved collection; *Title of Information Collection:* Collection of Managed Care Data Using the Uniform Institutional Providers Form (HCFA-1450/UB-92) and Supporting Statute Section 1853(a)(3) of the Balanced

budget Act of 1997; Form No.: HCFA-R-224 (OMB No. 0938-0711); *Use:* Section 1853(a)(3) of the Balanced Budget Act (BBA) requires Medicare+Choice organizations, as well as eligible organizations with risk-sharing contracts under section 1876, to submit encounter data. Data regarding inpatient hospital services are required for periods beginning on or after July 1, 1997. These data may be collected starting January 1, 1998. Other data (as the Secretary deems necessary) may be required beginning July 1, 1998.

The BBA also requires the Secretary to implement a risk adjustment methodology that accounts for variation in per capita costs based on health status. This payment method must be implemented no later than January 1, 2000. The encounter data are necessary to implement a risk adjustment methodology.

Hospital data from the period, July 1, 1997-June 30, 1998, will serve as the basis for plan-level estimates of risk adjusted payments. These estimates will be provided to plans by March, 1999. Encounter data collected from subsequent time periods will serve as the basis for actual payments to plans for CY 2000 and beyond.

In implementing the requirements of the BBA, hospitals will submit data to the managed care plan for enrollees who have a hospital discharge using the HCFA-1450 (UB-92), Uniform Institutional Provider Claim Form. Encounter data for hospital discharges occurring on or after July 1, 1997 are required. While submission from the hospital to the plan is required, plans are provided with an alternate submission route for the start-up year.

Special procedures have been identified to ensure that hospital encounter data are submitted for discharges occurring between July 1, 1997 and June 30, 1998, the start-up year. HCFA has identified three alternatives for the submission of hospital encounter data for discharges during the start-up year, including the following:

Option 1: The Plan will have a hospital submit UB-92s or Medicare Part A ANSI ASC X12 837 (ANSI 837) records using the traditional HMO "No Pay" bill method.

Option 2: The Plan can currently produce a complete UB-92/ANSI 837 and will hold the data until the fiscal intermediary (FI) can accept it.

Option 3: The Plan will submit an abbreviated UB-92 data set via an alternative route.

During the start up year, the plan is expected to establish an electronic data linkage to a FI to be determined by
