

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Agency for Health Care Policy and Research**

**Agency Information Collection Activities: Proposed Collection: Comment Request**

**AGENCY:** Agency for Health Care Policy and Research, HHS.

**ACTION:** Notice.

**SUMMARY:** This notice announces the Agency for Health Care Policy and Research's (AHCPR) intention to request the Office of Management and Budget (OMB) to grant a generic approval for "Voluntary Customer Surveys of 'Partners' of the Agency for Health Care Policy and Research." In accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)), the Agency for Health Care Policy and Research invites the public to comment on this proposed information collection request to allow AHCPR to conduct surveys.

The Agency for Health Care Policy and Research will publish periodic summaries of proposed projects being developed for submission to OMB under the Paperwork Reduction Act of 1995.

**DATES:** Comments on this notice must be received by November 23, 1998.

**ADDRESSES:** Written comments should be submitted to: Ruth A. Celtnieks, Reports Clearance Officer, AHCPR, 2101

E. Jefferson Street, Suite 500, Rockville, Maryland 20852-4908. All comments will become a matter of public record.

**FOR FURTHER INFORMATION CONTACT:** Ruth A. Celtnieks, AHCPR Reports Clearance Officer, (301) 594-1406, ext. 1497.

**SUPPLEMENTARY INFORMATION:**

**Proposed Project**

"Voluntary Customer Surveys of 'Partners' of the Agency for Health Care Policy and Research"

In response to Executive Order 12862, the Agency for Health Care Policy and Research (AHCPR) plans to conduct voluntary customer surveys of "partners" to identify how well AHCPR is performing its functions with its partners and to use this information to determine the kind and quality of services they want and expect, their level of satisfaction with existing services, and to implement improvements where feasible and practical. AHCPR partners are typically payers, plans, practitioners and health care providers, researchers, AHCPR suppliers and in some cases State and local governments or persons or entities that provide service to the public for AHCPR, e.g., a middle man.

Partner surveys to be conducted by AHCPR may include, for example, surveys of grantees to measure satisfaction with technical assistance received from AHCPR. Results of these surveys will be used to assess and

redirect resources and efforts needed to improve services.

In addition, approval is requested for customer surveys that would be undertaken by one of AHCPR's "partners" (grantees) to assess their satisfaction with services received. For example, the AHCPR's Office of Research Review, Education, and Policy (ORREP) provides grant funds for training of health services researchers. AHCPR would like to survey scholars whose training it has supported regarding their training experience. The Office for Health Care Information (OHCI) is proposing to survey one component of their customers: researchers. This proposed survey will be undertaken by a contractor to determine how AHCPR could better serve the research community. Questions asked may include a need for extended hours to answer inquiries on grant submission-related matters or the development of a comprehensive manual on grant submission.

**Method of Collection**

The data will be collected using a combination of preferred methodologies appropriate to each survey. These methodologies are:

- Mail surveys;
- Evaluation forms; and
- Telephone surveys.

The estimated annual burden is as follows:

Type of survey	Number of respondents	Average burden/ response	Total hours of burden
Mail/Telephone Surveys .....	3,000	20 minutes .....	1,000
Focus Groups .....	200	1.5 hours .....	300
Totals .....	3,200	.41 hours .....	1,300

**Request for Comments**

Comments are invited on: (a) The necessity of the proposed collection for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection.

Copies of these proposed collections plans can be obtained from the AHCPR Reports Clearance Officer (see above).

Dated: September 14, 1998.
