El Paso Natural Gas Company; Notice of Request Under Blanket Authorization

September 21, 1998.

Take notice that on September 8, 1998, as supplemented on September 14, 1998, El Paso Natural Gas Company, (Applicant), P.O. Box 1492, El Paso, Texas, 79978, filed in Docket No. CP98-768-000, a request pursuant to Sections 157.205, and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 152.205, and 157.212) for approval to construct and operate a tap and valve assembly, with appurtenances, and acquire certain metering facilities and approximately one thousand feet of sixteen-inch pipeline, with appurtenances, comprising a new delivery point located in Yoakum County, under Applicant's blanket certificate issued in Docket No. CP82-435-000, pursuant to Section 7(c) of the Natural Gas Act (NGA), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Applicant proposes a new delivery point to permit the interruptible transportation and delivery of natural gas to Mustang Station, a gas-fired combined cycle power plant, also located in Yoakum County, Texas at the request of GS Electric Generating Cooperative, Inc., a Texas corporation, Golden Spread Electric Cooperative, a Texas corporation, and Denver City Energy Associates, L.P., (jointly referred to as Golden Spread). Applicant submits that it will construct a tap and valve assembly on its twenty-four-inch Dumas Line and that Golden Spread will construct a meter station and approximately one thousand feet of sixteen-inch O.D. pipeline, which Golden Spread will turn over to Applicant after construction is

completed. Applicant asserts that it has sufficient capacity to accomplish the deliveries for Golden Spread without detriment or disadvantage to Applicant's other customers.

Any person or the Commission's Staff may, within 45 days of the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214), a motion to intervene and pursuant to Section 157.205 of the regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor, the proposed activities shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

[Docket No. CP98-778-000]

El Paso Natural Gas Company; Notice of Request Under Blanket Authorization

September 21, 1998.

Take notice that on September 14, 1998, El Paso Natural Gas Company (El Paso), P.O. Box 1492, El Paso, Texas 79978, filed in Docket No. CP98-778-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to certificate and to continue the operation of an existing delivery point, installed under Section 311(a) of the Natural Gas Policy Act, under El Paso's blanket certificate issued in Docket No. CP82-435-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

El Paso states that the facility was installed under Section 311(a) and has exclusively used this delivery point for the transportation and delivery of natural gas under Part 284, Subpart B. El Paso states that the regulatory restriction placed on the operation of a facility installed under Section 311 (a)

of the NPGA prohibits El Paso shippers from utilizing this delivery point under any transportation arrangement other than a Subpart B transportation arrangement. In view of this limited service flexibility, El Paso believes that certification of the Pinnacle Delivery Point, located in Hutchinson County, Texas, pursuant to Section 157.212 of the Commission's Regulations, is necessary and in the public interest. El Paso states that continued operation of the facility is not prohibited by El Paso's existing Volume No. 1-A FERC Gas Tariff. El Paso states that it has sufficient capacity to accomplish the deliveries without detriment or disadvantage to El Paso's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Secretary.
