Now, therefore, the Assistant Secretary for Import Administration, acting for the Board pursuant to § 400.32(b)(1), concurs in the recommendation and hereby approves the request subject to the Act and the Board's regulations, including § 400.28, and further subject to the following conditions: (1) any foreign steel mill products admitted to FTZ 92 for the Friede Goldman International, Inc./HAM Marine Inc., activity, including pipes and tubes, not incorporated into merchandise otherwise classified, and which is used in manufacturing, shall be subject to Customs duties in accordance with applicable law, unless the Executive Secretary determines that the same item is not then being produced by a domestic steel mill; and, (2) in addition to the annual report, Friede Goldman International, Inc./HAM Marine, Inc., shall advise the Board's Executive Secretary (§ 400.28(a)(3)) as to significant new contracts with appropriate information concerning foreign purchases otherwise dutiable, so that the Board may consider whether any foreign dutiable items are being imported for manufacturing in the zone primarily because of subzone status and whether the Board should consider requiring Customs duties to be paid on such items.

[Docket 43-98]

Foreign-Trade Zone 171—Liberty County, TX; Application for Expansion

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Liberty County Economic Development Corporation, grantee of FTZ 171, requesting authority to expand its zone in Liberty County, Texas, adjacent to the Houston Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended, (19 U.S.C. 81a-81u), and the

regulations of the Board (15 CFR part 400). It was formally filed on September 9, 1998.

FTZ 171 was approved on January 4, 1991 (Board Order 501, 56 FR 1166, 1/11/91). The zone project currently consists of 4 sites (246 acres) in Liberty County: *Site 1* (150 acres)—City of Cleveland's International Industrial Park on Highway FM 2025 west of U.S. Highway 59; *Sites 2 and 3* (45 and 27 acres)—two industrial park sites on the Trinity River some 2 miles south of U.S. Highway 90, City of Liberty; and, *Site 4* (24 acres)—within the Cleveland Municipal Airport facility, Highway FM 787, Liberty County.

The applicant is now requesting authority to expand the general-purpose zone to include an additional site (proposed *Site 5*—583 acres, 2 parcels)—Sjolander Plastics Storage Railyard facility, adjacent to Highway 146, approximately 2 miles south of Dayton, Texas (Liberty County). The proposed FTZ site is on the west and east sides of the railyard facility, but does not include the existing railyard. Activity at the proposed FTZ site would include general ware-housing, the storage of plastic pellets from the petrochemical industry, bagging of pellets, and intermodal (truck-rail) transfer. There are also plans to expand the facility to accommodate a wider range of products and to facilitate improved rail service. Site development plans call for construction of up to 20 buildings (each approx. 250,000 sq. ft.) and establishment of an intermodal container transfer facility. No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 30, 1998. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period December 14, 1998.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

Polyethylene Terephthalate Film, Sheet, and Strip From the Republic of Korea; Notice of Final court Decision and Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final court decision and amended final results of antidumping duty administrative review.

SUMMARY: On July 8, 1998, in the case of *STC Corporation v. United States*, The United States Court of International Trade (the Court) affirmed the Department of Commerce's (the Department) redetermination for STC Corporation (STC) arising out of the first review of polyethylene terephthalate film sheet, and strip (PET film) from the Republic of Korea. The review covers the period November 30, 1990 through May 31, 1992. As there is now a final and conclusive court decision in this action, we are amending the final results of review with respect to sales by STC during the review period. We will instruct the U.S. Customs Service to liquidate STC's entries accordingly. **EFFECTIVE DATE:** September 30, 1998.

FOR FURTHER INFORMATION CONTACT: Michael J. Heaney, or John Kugelman, AD/CVD Enforcement Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-4475, or 0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 15, 1997, the Court issued an order remanding in part the amended final results issued on February 12, 1996. *See STC Corp v. United States*, 990 F. Supp. 829 (CIT 1997). In its December 15, 1997 order the Court directed the Department to

implement a tax-neutral methodology for calculating value added taxes (VAT) for STC. In accordance with the remand order, the Department recalculated VAT by adding the absolute amount of home market tax to U.S. price. The Court affirmed the Department's remand results on July 8, 1998, in *STC Corp v. United States*, Court No., 95-09-01181. As there is now a final and conclusive court decision with respect to STC, we are amending the final results of review for this company.

Amendment to Final Results of Review

Pursuant to section 516A(e) of the Act, we are now amending the final results for STC for the period November 30, 1990 through May 31, 1992. The recalculated margin for STC Corporation is 11.62 percent.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between U.S. price and foreign market value may vary from the percentage stated above. The Department will issue appraisal instructions directly to the Customs Service.

We note that STC's current cash deposit rate is based upon an administrative review conducted subsequent to this segment of the proceeding. Therefore, this amendment of the final results does not affect the current cash deposit rate for STC.

This notice is published pursuant to section 751(A) of the Act.

Dated: September 23, 1998.

Assistant Secretary for Import Administration.
