### Federal Energy Regulatory Commission

[Docket No. RP94-162-006]

#### High Island Offshore System; Notice of Motion for Extension of Time

September 30, 1998.

Take notice that on September 18, 1998, High Island Offshore System (HIOS), pursuant to Rules 212 and 2008 of the Rules of Practice and Procedure of the Commission, 18 CFR 385.212 and 385.2008, tendered for filing a request for an extension of time for the filing of its next general rate case pursuant to Section 4(e) of the Natural Gas Act.

HIOS states that by Letter Order issued September 11, 1995, the Commission approved an uncontested settlement in the captioned rate proceeding. Article V of the uncontested settlement provided that HIOS would file its next general rate case under Section 4(e) "by the end of three (3) years of the date of a final, non-appealable Commission order approving the Agreement without conditions unacceptable to HIOS".

HIOS requests that the deadline in the captioned proceeding by which it must file its next general rate case under Section 4(e) of the Act be extended to no later than January 1, 2003, and that the time period for filing answers to the uncontested motion be shortened to the maximum extent possible.

Any person desiring to file an answer to this filing should file an answer with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.213 of the Commission's Rules and Regulations. All such answers must be filed within 15 days after HIOS' motion was filed. Answers will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make persons who file answers parties to the proceedings.

Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

### Federal Energy Regulatory Commission

[Docket No. RP98-418-000]

#### Koch Gateway Pipeline Company; Notice of Proposed Changes to FERC Gas Tariff

September 30, 1998.

Take notice that on September 28, 1998, Koch Gateway Pipeline Company (Koch) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets, to become effective September 7, 1998.

Fourth Revised Sheet No. 304  
Fifth Revised Sheet No. 1500  
Seventh Revised Sheet No. 1501

Koch states that it is filing the above mentioned tariff sheets to incorporate all tariff changes previously approved in Docket Nos. RP97-373 and RP98-274.

Koch states that copies of this filing have been served upon Koch's customers, state commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

### Federal Energy Regulatory Commission

[Docket No. CP98-799-000]

#### Northwest Pipeline Corporation; Notice of Request Under Blanket Authorization

September 30, 1998.

Take notice that on September 24, 1998, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84108, filed in Docket No. CP98-799-000 a request pursuant to Sections 157.205, 157.211 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211 and 157.216) for authorization to upgrade its Richland "Y" Meter Station in Benton County, Washington, to better accommodate existing firm service delivery obligations to Cascade Natural Gas Corporation (Cascade), under Northwest's blanket certificate issued in Docket No. CP82-433-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Northwest states that the facilities at the Richland "Y" Meter Station are obsolete and undersized and need to be replaced. Therefore, Northwest proposes to remove the two existing 1-inch regulators, the existing 3-inch positive displacement meter, the existing relief valve, the existing line heater and appurtenances and install upgraded replacement facilities consisting of two new 1-inch regulators with 35 percent trim, a new 3-inch turbine meter, a new 2-inch x 3-inch full bore relief valve, a new 250,000 Btu per hour line heater and appurtenances. Northwest states that as a result of this proposed upgrade, the maximum design capacity of the meter station will increase from approximately 350 Dth per day at 150 psig to approximately 1,550 Dth per day at 150 psig, as limited by the regulators.

Northwest further states that the total cost of the proposed facility upgrade is estimated to be approximately \$101,404, including the cost of removing the old facilities.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor,
