Foreign-Trade Zones Board

[Docket 45-98]

Foreign-Trade Zone 170—Clark County, Indiana; Application for Foreign-Trade Subzone Status, Lexmark International, Inc. (Computer Printers and Related Products), Seymour, Indiana

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Indiana Port Commission, grantee of FTZ 170, requesting special-purpose subzone status for the computer printer distribution and assembly facilities of Lexmark International, Inc. (Lexmark), located in Seymour, Indiana. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 28, 1998.

The Lexmark facility (1 bldg./588,00 square feet plus 266,500 sq. ft. expansion and a planned new 250,000 sq.ft. bldg. on 61.2 acres) is located at 1510 East Fourth Street in Seymour, Indiana (Jackson County), some 50 miles south of Indianapolis. The facility (200 employees) which began operations in June 1998 is used for the storage and distribution for import and export of computer printers, typewriters, and related supplies and some final stage assembly of computer printer products. The facility will be used for the distribution of most products manufactured at Lexmark's plant located at FTZ Subzone 29D in Lexington, Kentucky. In the future, the Indiana facility may also be used for full-scale manufacture of computer printers and subassemblies, typewriters and related products. A number of components may be purchased from abroad (an estimated 25-50% of value for some manufactured products), including ink and toner chemicals, plastic materials, sensors, printed circuit boards, capacitors, resistors, switches, fuses, relays, LEDs, fasteners and springs, electric motors, indicator panels, magnets, batteries, typewriter

ribbons, ink cartridges, toner cartridges, power suppliers, cables, power cords, unfinished printers, printer parts, scanners, copiers, labels, plastic carrying cases, labels, printed materials, and packaging materials (1997 duty range: free-20%, with most ranging from duty-free to 6.9%).

Zone procedures would exempt Lexmark from Customs duty payments on foreign components used in export production. On its domestic sales, Lexmark would be able to choose the lower duty rate that applies to the finished products (free-0.5%, mostly duty-free) for the foreign components noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 7, 1998. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 21, 1998.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:
