Frequency: Annual.

Affected Public: State, local, or Tribal Government SEAs or LEAs; Not-for-profit Institutions.

Reporting and Record-Keeping Hour Burden:

Responses: 50,244.

Burden hours: 99,444.

Abstract: Public Law 105-78 assigned to the National Assessment Governing Board exclusive authority over all policies, guidelines, and direction for the development of voluntary national tests in reading in grade 4 and in mathematics in grade 8 pursuant to contract RJ97153001, with the American Institutes for Research. While permitting test development, Public Law 105-78 prohibits during FY 1998 the pilot testing, field testing, administration, or dissemination of any voluntary national tests, except the National Assessment of Educational Progress or the Third International Mathematics and Science Study.

If pilot testing is not prohibited in FY 1999, pilot tests of test questions developed for the voluntary national tests will be conducted in March 1999. The purpose of the pilot test is to ensure that the test items are of high quality and free from bias. In addition, a limited number of background questions will be included, in order to conduct certain statistical tests related to the test questions.

Dated: October 2, 1998.

Executive Director, National Assessment Governing Board.
