Drawbridge Operation Regulations; Atlantic Intracoastal Waterway, NC

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Fifth Coast Guard District has issued a temporary deviation from the regulations governing the operation of the Onslow Beach Swing Bridge across the Atlantic Intracoastal Waterway (AICW), mile 240.7, at Camp Lejeune, North Carolina. Beginning at 7 a.m. on October 15, through 11:59 p.m. on October 16, 1998, the bridge will be maintained in the closed position. This closure is necessary to facilitate extensive repairs and maintain the bridge's operational integrity.

DATES: This deviation is effective from 7 a.m. on October 15, 1998 until 11:59 p.m. on October 16, 1998.

FOR FURTHER INFORMATION CONTACT: Ann B. Deaton, Bridge Administrator, Fifth Coast Guard District, at (757) 398-6222.

SUPPLEMENTARY INFORMATION: The Onslow Beach Swing Bridge and adjoining property are part of the Marine Corps Base (USMC) at Camp Lejeune military reservation, located adjacent to Jacksonville, North Carolina. On September 15, 1998, a letter was forwarded to the Coast Guard by the USMC requesting a temporary deviation from the normal operation of the bridge. The current regulations in Title 33 Code of Federal Regulations, Section 117.821(a)(3), require the Onslow Beach Swing Bridge to open on signal at all times for commercial vessels and on signal for pleasure vessels, except between 7 a.m. and 7 p.m., the draw need only open on the hour and half hour.

The bridge repairs will replace the bridge balance rail, immobilizing the operation of the swing bridge entirely, including the backup system which uses

hydraulic components typically used when the electrical systems are non-operational. Additionally, tugboats, cranes, and barges positioned at the site may impede vessel traffic that could pass under the bridge.

The Coast Guard has informed the known commercial users of the AICW of the bridge closure so that these users can arrange their transits to avoid being negatively impacted by the temporary deviation.

From 7 a.m. on October 15, until 11:59 p.m. on October 16, 1998, this deviation allows the Onslow Beach Swing Bridge across the AICW to remain closed.

Dated: September 29, 1998.

Roger T. Rufe, Jr.,

Vice Admiral, U.S. Coast Guard Commander, Fifth Coast Guard District.
