

Mitigation and Conservation Commission (Commission), and Central Utah Water Conservancy District (District) are the joint-lead agencies.

ACTION: Notice of intent to discontinue planning on the Spanish Fork Canyon—Nephi Irrigation System (SFN) as presented in the Draft Environmental Impact Statement DES 98–13 (EIS).

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), as amended, the Department, Mitigation Commission, and the District issued a joint Draft EIS on the SFN System. The Department published a notice of intent to prepare an EIS for the SFN System in the **Federal Register** Vol. 56 No. 166, dated August 30, 1993. Scoping meetings were held in Salt Lake City, Orem, and Nephi, Utah. The Draft EIS was filed with the Environmental Protection Agency (EPA) on March 31, 1998. Public Hearings were held in Salt Lake City, Utah, on May 11, 1998, and Santaquin, Utah, on May 12, 1998.

The SFN Draft EIS described two systems—the Diamond Fork System and the SFN System. Comments received on the SFN Draft EIS from EPA and the State of Utah raised serious issues regarding salinity impacts to Utah Lake. Comments from the Strawberry Water Users Association with regard to their participation in the SFN seriously impacted the Purpose and Need of the SFN Main Conveyance Aqueduct. Due to these issues, which are directly related to the SFN System and not the Diamond Fork System, the joint-lead agencies have discontinued planning on the SFN Draft EIS relating to the Main Conveyance Aqueduct and alternatives thereto. However, the joint lead agencies intend to file a final supplement to the Diamond Fork System Final EIS that will be based on the Diamond Fork Final EIS and the “Diamond Fork Tunnel Alternative” which was presented in the SFN Draft EIS. A **Federal Register** notice regarding the proposed Diamond Fork final supplement will be issued.

The joint-lead agencies will initiate a new planning process with public involvement on the facilities authorized in section 202(a)(1) of the Central Utah Project Completion Act (Utah Lake Drainage Basin Water Delivery System). Any other additional uses of Bonneville Unit water on the Wasatch Front (Salt Lake City to Nephi, Utah), and all remaining environmental issues and commitments associated with the Bonneville Unit will be addressed during this new process. When planning for the Utah Lake Drainage Basin Water Delivery System is initiated, a Notice of

Intent regarding NEPA compliance will be published.

FOR FURTHER INFORMATION CONTACT: Additional information on matters related to this **Federal Register** notice can be obtained at the address and telephone number set forth below: Mr. Reed R. Murray, Program Coordinator, CUP Completion Act Office, Department of the Interior, 302 East 1860 South, Provo, UT 84606–6154, Telephone: (801) 379–1237, E-Mail address: rmurray@uc.usbr.gov

Dated: October 7, 1998.

Ronald Johnston,

CUP Program Director, Department of the Interior.

Bureau of Land Management

[ID–933–1430–00; IDI–016500 C]

Termination of Desert Land Entry Classification and Opening Order; Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: This notice terminates a Desert Land Entry Classification on 158.64 acres of land in Twin Falls County as this classification is no longer needed. A portion of these lands will be exchanged pursuant to Section 206 of the Federal Land Policy and Management Act of 1976.

EFFECTIVE DATE: October 14, 1998.

FOR FURTHER INFORMATION CONTACT: Catherine D. Foster, BLM Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho 83709, 208–373–3863.

SUPPLEMENTARY INFORMATION: On August 8, 1967, the lands listed below were classified as suitable for entry under the authority of the Desert Land Act of March 3, 1877, as amended and supplemented (43 U.S.C. 321, et seq.). This classification is hereby terminated and the segregation for the following described land is hereby terminated:

T. 9 S., R. 13 E., B.M.
Section 35, SE $\frac{1}{4}$ SE $\frac{1}{4}$.
T. 10 S., R. 13 E., B.M.
Section 2, lot 2 (now lots 7 and 8);
Section 3, lots 1 and 2.

The area described above aggregates 158.64 acres in Twin Falls County.

At 9:00 a.m. on October 14, 1998, the Desert Land Entry Classification identified above will be terminated. Lot 8 of section 2, T. 10 S., R. 13 E., B.M.

will remain closed to location and entry under the public land laws and the general mining laws, as this lot is currently segregated for exchange. The lands which will be opened to location and entry are described as follows:

T. 9 S., R. 13 E., B.M.
Section 35, SE $\frac{1}{4}$ SE $\frac{1}{4}$.
T. 10 S., R. 13 E.,
Section 2, lot 7,
Section 3, lots 1 and 2.

At 9:00 a.m. on October 14, 1998, these lands will be opened to operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 9:00 a.m., on October 14, 1998, will be considered simultaneously filed at that time. Those received thereafter will be considered in the order of filing.

At 9:00 a.m. on October 14, 1998, these lands will be opened to location and entry under the United States mining laws, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law. Appropriation of any of the lands described above under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. Sec. 38, shall vest no rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determinations in local courts.

Dated: October 7, 1998.

Jimmie Buxton,

Branch Chief, Lands and Minerals.
